## SENIOR CLASS HISTORY

THE Freshman Class of 1926, or Class of '30, arrived on the campus one frosty fall morning ninety-seven strong, elected Willard Page, the tall boy from "New Yawk" as Class President, and proceeded to pursue an education, until now, that the four-year process has just about completed, a resume of the accomplishments of the Class, and its checkered career might prove interesting.

Of the ninety-seven that started out single and unmarried, fifteen have been struck with the matrimonial complex, four choosing their "life mates" from the college roster. In other words, fifteen per cent are no longer free, single, and unmarried.

Thirty-six will receive their degrees from Missouri Valley College, and nineteen have already or will graduate from other colleges in the Class of '30. Or, fifty-six per cent will graduate or have already graduated.

Nine who have dropped out of school, have re-entered school again either at Missouri Valley or elsewhere.

The members of this Class have made thirty-four letters in football, fifteen letters in basket ball, fourteen letters in baseball. There are three men in the Class who are lettermen in three major sports. This Class has contributed six captains of teams in major sports, a cheerleader for four years, one student president, two May queens, twenty members to the Men's Glee Club, and twenty-four members to the Girls' Glee Club and a director for two years.

## THE 1930 SABIDURIA

IT has been the purpose of the 1930 Sabiduria to portray to the students of Missouri Valley College the life and good times on the Campus this year.

The finer qualities and outstanding features of the Sabiduria are not due alone to the efforts of the Staff but to the assistance and co-operation of the student body and faculty.

In this the Fortieth Anniversary of our Alma Mater, we have tried to reflect the Spirit of the Vikings for whom our year book, the Sabiduria, was named.

We, the Staff, wish to express our thanks to those who aided in the production of this Annual.

## THE MISSOURI VALLEY COLLEGE DELTA

THE Missouri Valley College Delta, a seven-column bi-weekly newspaper, tray student life, student opinion, and to act as a free medium between students, faculty, and alumni.

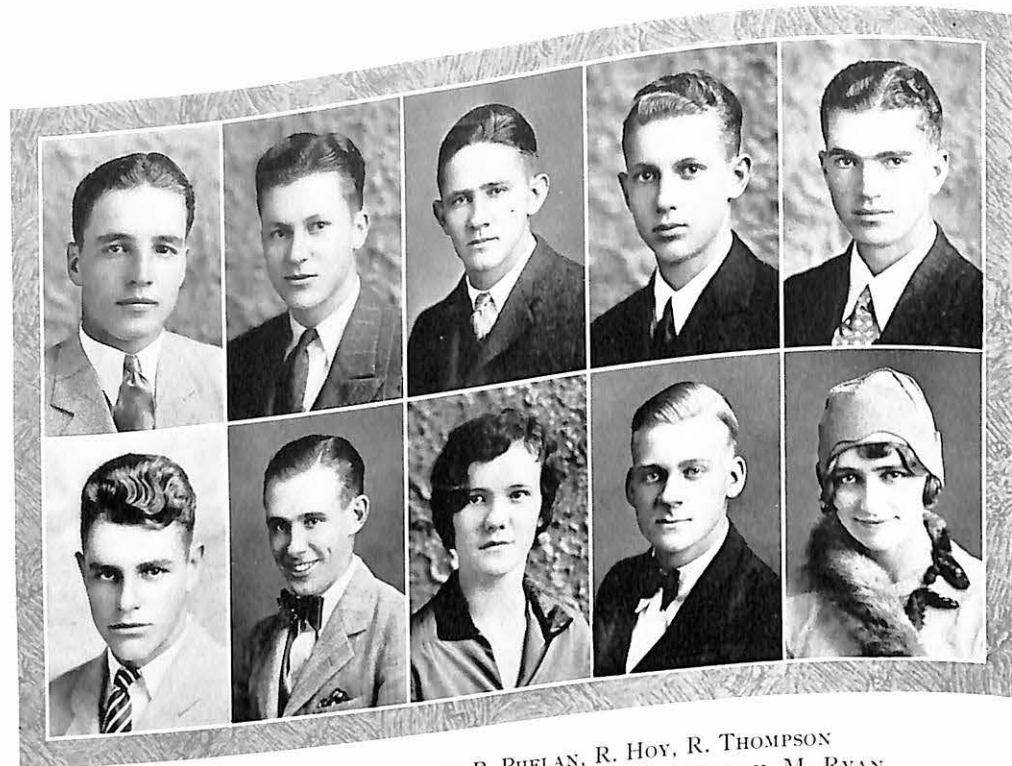

The past few years has seen "The Delta" advance from a five-column, four-page, monthly paper to its present size of seven columns, and issued bi-weekly. The subscription price, however, has remained the same and the advertising rates decreased.

"The Delta" is a charter member of The Missouri College Newspaper Association and its editor, R. Wilson Brown, is president of the Association. The paper was given a high rating in the M. C. N. A. contests and many of its articles were given prizes.

The subscription list includes every student and faculty member and many alumni and friends, which brings the list past the 750 mark. A special alumni department was introduced this year and was in charge of Miss Ida Lou Sterrett. Another feature introduced this year was the column of the College President. Gordon Robertson is the editor-elect for 1930-1931.

## STUDENT SENATE

THE student government of Missouri Valley College is concentrated in the Student Senate. The President of the Student Senate is also the President of the Student Body.

The Student Senate, under the industrious leadership of Emmett Fowler, fulfilled its purpose of supervising student organizations and co-operating with the faculty in the interest and welfare of Missouri Valley College in 1929 and 1930.

Among its several accomplishments are the organizing and adoption of an extensive social program for the school year, the sponsoring jointly with the Chamber of Commerce of the championship football banquet. It also made many decisions affecting the actions of the student body.

*Junior Members:* EMMETT FOWLER, VOLNEY ASHFORD, ROBERT THOMPSON.

## DEBATE

A WELL organized debate squad has been developed in the past two years under the direction of Professor Spotts, with the active support of the student body.

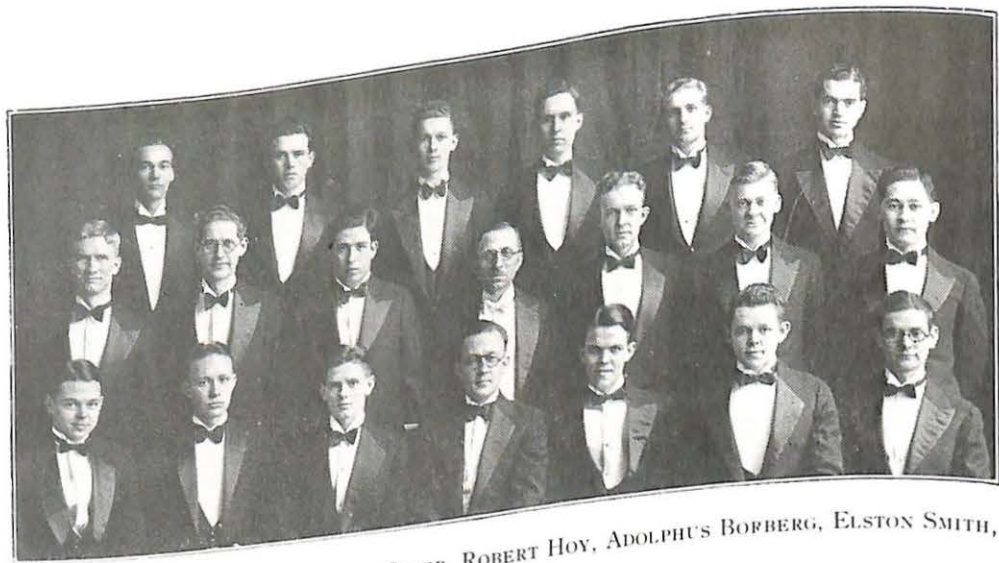

The purpose of the club is to present to the student body the questions of the day in an interesting and instructive manner and to develop research and the ability of the debaters in expressing their opinions in a definite form.

The first high school debate tournament was sponsored by the debate squad on February 1 and 2. President Lower and his coworkers made the tournament such a success that the squad has determined to make the tournament an annual event.

Teams from the following colleges show the high type of competition encountered during the season: William Jewell, Warrensburg, Westminster, Central, and Culver-Stockton.

Officers for the year were:

Other short trips around Marshall were taken and a two-day trip to Kansas City was made.

The program consisted of ensemble numbers; vocal solos by Charles Bacon and Chapman Bradley; quartette numbers; solo with banjo accompaniment, by Edwin Jones; reading by Charles Bacon, and a cornet solo by Wylie Steen.

Two members, Charles Bacon and Noel Ferguson, who have been with the Club for four years, will be lost by graduation.

MEMBERSHIP of the Dramatic Art Club is limited, the members being chosen by the Executive Committee on the basis of previous experience in dramatic work as determined in tryouts.

Three major plays are given each year and one-act plays are presented to members of the Club at its meeting each month.

Mack, Jr., Adolphus Borberg, Nathan Eskew, Mary Burton Jones, Robert Hoy, Robert Dunn, Willie Alice Warnhoff, and William Harri-man.

The second play, "A Lucky Break," was presented March 14. ## WOMEN'S ATHLETIC ASSOCIATION

THE Women's Athletic Association has had an unusually successful year. Members from last year returned and new members have been taken in.

On November 6, the annual Carnival was held. The early part of the evening was devoted to side-shows, booths and stands. In the latter part of the evening, the A. A. Vaudeville was given. This consisted of various singing and dancing acts, skits, and the program was concluded by a demonstration by the "Tumblers."

The A. A. also sponsored a "Women's Athletic Revue" in Morrison Gymnasium, March 18. The program included all work in physical education and athletics. It is the aim of the Association to present annually one of these demonstrations free to the public. Besides these two major activities, the Club has sponsored Club parties and student play parties.

Membership in the Athletic Association is obtained by earning seventy-five points in athletics. For each sport a class tourney is held, awarding points to all girls making class teams. A Super-A is awarded whenever a member's points total two hundred. Last year, Miss Jane Bankard of Joplin won the purple and gold blanket that is given each year to the girl who has received the greatest activity points during that year.

## ORCHESTRA AND BAND

THE study of instrumental music as represented by the orchestra and band at Missouri Valley College is assuming a role of ever increasing importance. In the schools of the small communities and consolidated schools is found an increasing demand for teachers who can qualify as instructors of orchestra and band. Some of the work done along this line is of decided merit.

The young people of the College can find no better training than that provided by participation in the orchestra and band. Students in general have gradually come to the realization that music is for all and is becoming more and more a necessary part of a complete education.

This year the orchestra has twenty-four pieces and the band has about twenty. The band functioned for all the football games and led the parade when Governor Caulfield spoke at the dedication of the athletic field. Robert Thompson served as business manager and Chapman Bradley acted as student director.

The orchestra has appeared twice in Chapel and has been well liked on both occasions.

## THE VESTED CHOIR

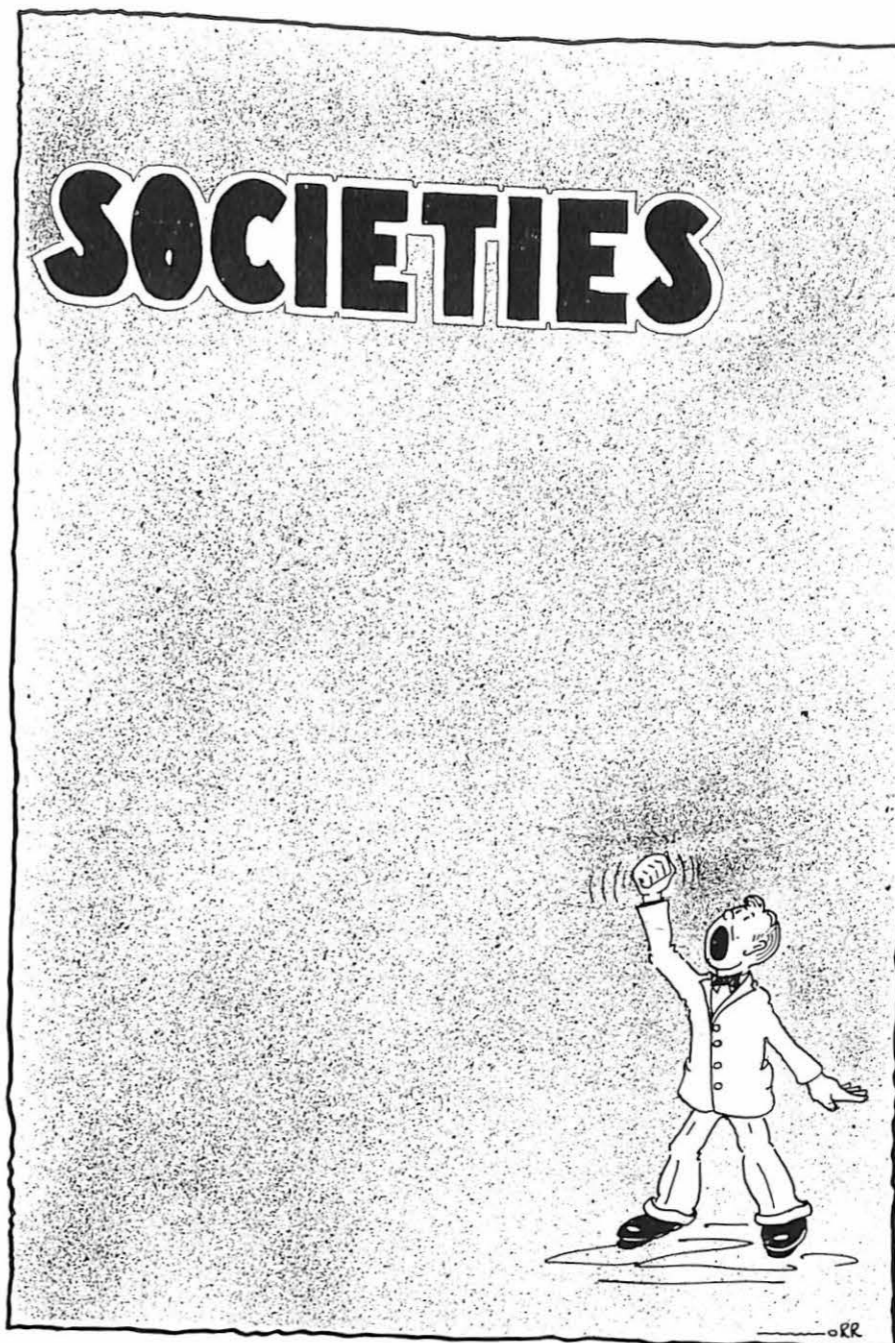

IN THE fall of 1928, the President of Missouri Valley College in co-operation with the Dean of the School of Music decided to augment and enrich the religious services, taking place in Stewart Chapel, by the organization of a choir which would include the voices of our most talented students and a faculty member.

The choir was chosen. Miss Frances Mary Pallister, who has the Spanish Chair, was selected as leader and director of this group. It was originally composed of eight voices: Mary Sweeney and Priscilla Mart, sopranos; Robert Landrum and Elston Smith, tenors; Helen Vawter and Frances Lou Fletcher, contraltos; Aubrey Jeter and Charles Bacon, basses, with Miss Marie McIntosh as accompanist, Dean Claude L. Fichthorn being the organist. The choir was vested and gave numerous beautiful sacred selections during the Tuesday services.

That winter a pleasant experience came the way of the choir. Through Miss Pallister, who has often been heard over the radio station WDAF, The Kansas City Star, Kansas City, Missouri, arrangements were made for the broadcasting of Christmas carols and solos over that station. A. T. Vawter, violinist and professor at Missouri Valley College, went with the group.

It continued its work, never a halt in its progress, and the following Christmas of 1929, they sang Christmas carols throughout the city of Marshall. Gleaming candles welcomed the waits as they journeyed from home to home pouring forth their tidings of "peace on earth, good will toward men." Many of the rehearsals prior to these occasions had been at the home of Mrs. J. H. Pallister, Miss Pallister's mother, where short social times and refreshments were shared. Mr. and Mrs. A. T. Vawter also entertained the choir following their caroling tour.

The choir was increased to sixteen voices. The present choir consists of Rachel Williams, Mary Elizabeth Perry, Corinne Bacon Seawell and Miss Pallister, sopranos; Helen Frances Bound, Josephine Evans, Christine Leimbrock and Kathleen Henshaw, contraltos; William Harlan, Aubrey Jeter, Charles Bacon, Adolphus Barberg, basses; Robert Landrum, Elston Smith, Chapman Bradley and John Thompson, tenors.

# PLAY BALL!

COACH HENRI GODFRIAUX, B. A.  
*Director of Athletics*

TO COACH goes most of the credit for the excellent football teams that have been turned out by Valley during the past and for the great team turned out this year. His untiring and consistent efforts plus his great character and football knowledge have made his teams almost unbeatable. We congratulate him as being the greatest factor in winning the three championships in the last six years.

Dr. Nuckles was a great factor in keeping our boys on the field of play and in the best of physical condition. To him goes a great portion of the credit of winning the coveted championship.

## FOOTBALL

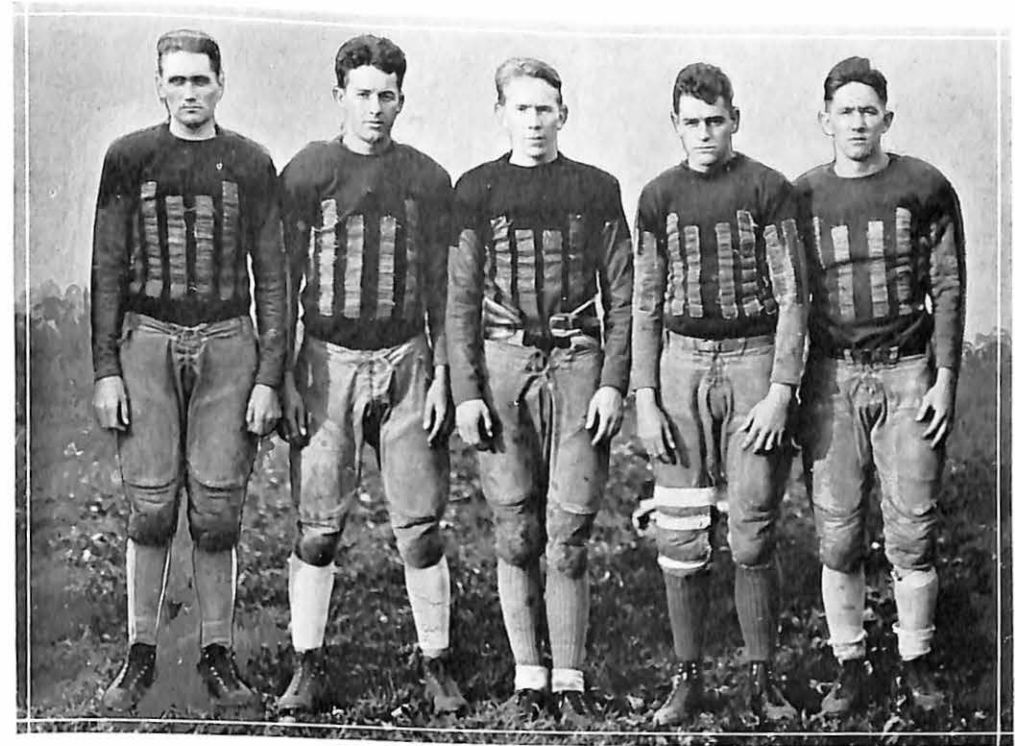

**GEORGE BROCK:** He always played a hard game and it is with regret that we see him lay aside the pigskin for the last time.

**ROBERT VANWINKLE:** "Rip," Co-Captain-elect for 1930. He is equally effective on offense or defense. Everyone will remember this boy for his spiking in the Westminster game. He is a second All-Conference selection.

**MILESS HAGGARD:** "Mike," Co-Captain, probably was the greatest full-back ever turned out at Valley. For three years, the unanimous choice for All-Conference teams.

**FRED TWILLING:** "Fritz," a boy with brains and a fighting heart. He played both end and halfback. A letterman in both '25 and '26, he came back this year and delivered in a brilliant manner.

**CECIL PATTERSON:** "Pat" is a triple-threat man in every sense of the word. Again an All-Conference selection. He is light but shifty and possesses great speed.

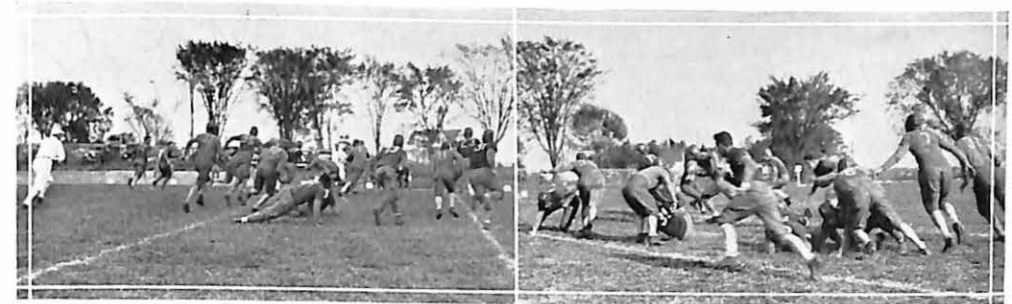

**LEWIS RITTERBUSCH:** "Louie," playing his first year for Valley, stepped in when needed and filled his place like a veteran in playing a guard position.

**PRESTON AMOS:** "Firpo," a three-year man and playing his last year for Valley. This boy has plenty of scrap and a "never-say-die" spirit.

**EDWIN SEBASTIAN:** "Eddie" played a mighty good halfback position and, with a little experience, should prove mighty valuable.

**VOLNEY ASHFORD:** Volney, a great little quarterback, who was superb as a signal caller and a football strategist. Although sustaining injuries, he was always there to give his best.

**PATRICK PHELAN:** "Pat," Co-Captain Irish, whose fighting spirit helped Valley through every crisis. He is small, but is an accurate passer and a great defensive center. His sportsmanship is of the highest rank and he is also an All-Conference selection.

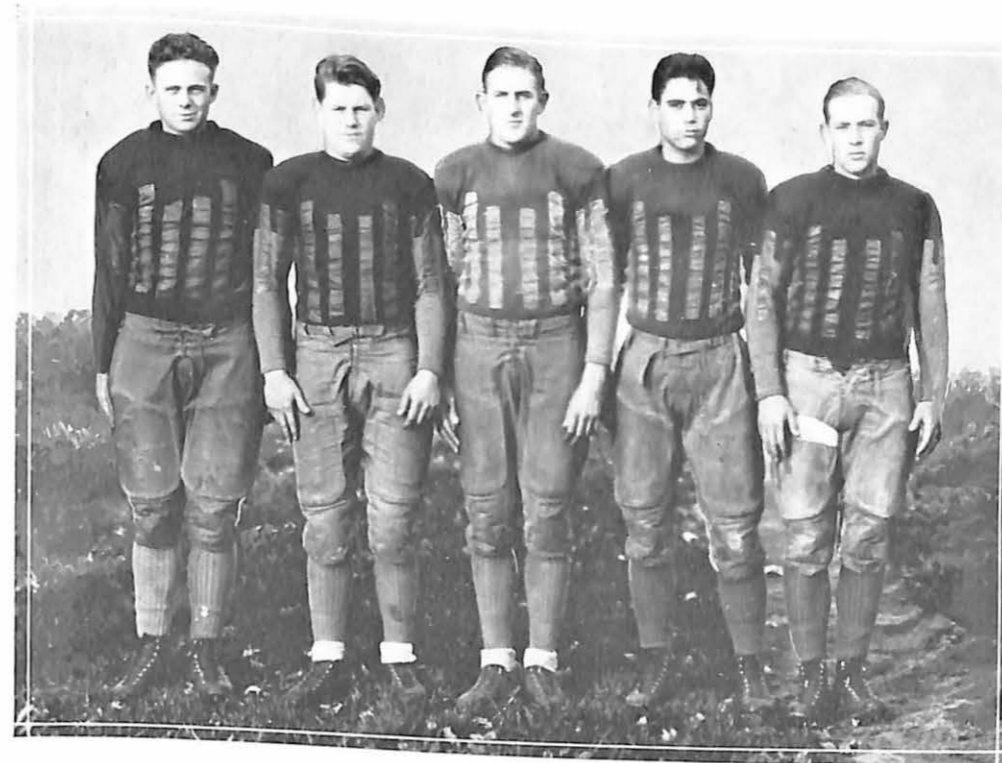

**JOHN ELDER:** Although not a letter man, he was constantly trying and made those that practiced opposite him know that they had competition in keeping ahead of him.

**LEON RUMANS:** Leon, playing tackle and guard, is a man possessing remarkable ability for a first-year man. He was always cool and a consistent player. We should hear a great deal from this boy in the years to come.

**EARL RIOTH:** "Charley," Co-Captain for 1930. Riorth played football because he loved it. This boy plays tackle and he knows how to play it. He was a demon on the defense and possesses plenty of drive on the offense. For the second time, he is an All-Conference selection. He should make a great leader in 1930.

**VIRGIL BLOSSOM:** Another All-State end who showed his determination to play on a championship team. His improvement from his freshman year was marvelous. His first year proved to be his beggared year.

**ADRIEN HESS:** Adrien has the spirit that is to be admired. After playing on the second team for three years, he lettered in his fourth year. A more courageous scrapper never lived.

**MILAN WILLIAMS:** "Pilot," alternating at halfback and fullback. He possessed plenty of speed and drive. We are expecting to see him in the starting line up next year.

**LELAND HUTCHERSON:** A sample package of his brother, playing a mighty good end position, especially in the Jewell game. He has three more years and should letter next fall.

**RICHARD NUCKLES:** "Dick," playing quarterback, was one of the main cogs in Valley's "touch-down" making machine. He saved the game for us at Westminster when he stopped their stellar quarterback.

**ROY TOWSE:** Towse, a boy possessing plenty of ability and the prospect of making a great player. We are disappointed to hear that he will not be back next year.

**T**HE 1930 Football Team of Missouri Valley College was the only undefeated team in the State of Missouri, was the undisputed champion of the M. C. A. U.; the only team ever to place five men on the Mythical All-State Eleven; tied the champion of the Kansas Conference; the third championship team under the regime of Coach Godfriaux.

Haggard and Phelan, Co-Captains, were placed on the Mythical Eleven, as well as Rieth at tackle, Blossom at end, and Patterson at a halfback position. Brock and VanWinkle also received honorable mention for the Mythical Eleven.

giving the best he had at all times. Played guard and center, and his shoes will be hard to fill next year.

### VOLNEY ASHFORD:

Captain of the 1930 squad had the misfortune to sustain a knee injury in the football season that so inhibited his playing that he finally had to give up the game entirely, and it was with sincere regret that his basket ball career was terminated so misfortunately.

### ADRIEN HESS:

The other Senior on the squad, and could always be counted upon to break into the scoring column. His fight and determination were always a worthwhile example for his teammates.

### RAYMOND LONG:

Playing his first year for Valley, he improved as the season aged. He has a good eye for the basket and is a fast floor man and an accurate power.

S. BOON GREGG

## THE NEW GREGG-MITCHELL ATHLETIC FIELD

J. BOURNE MITCHELL

THE New Gregg-Mitchell Athletic Field was made possible by the generous gifts of S. Boon Gregg '09, and J. Bourne Mitchell '08, and was named after their mother and father respectively. Friends and students augmented this fund and the final grading was completed in the summer of 1928. Then the field was allowed to settle for a year. Later on these two old grads supplemented their original gift in order to complete the curbing and fencing.

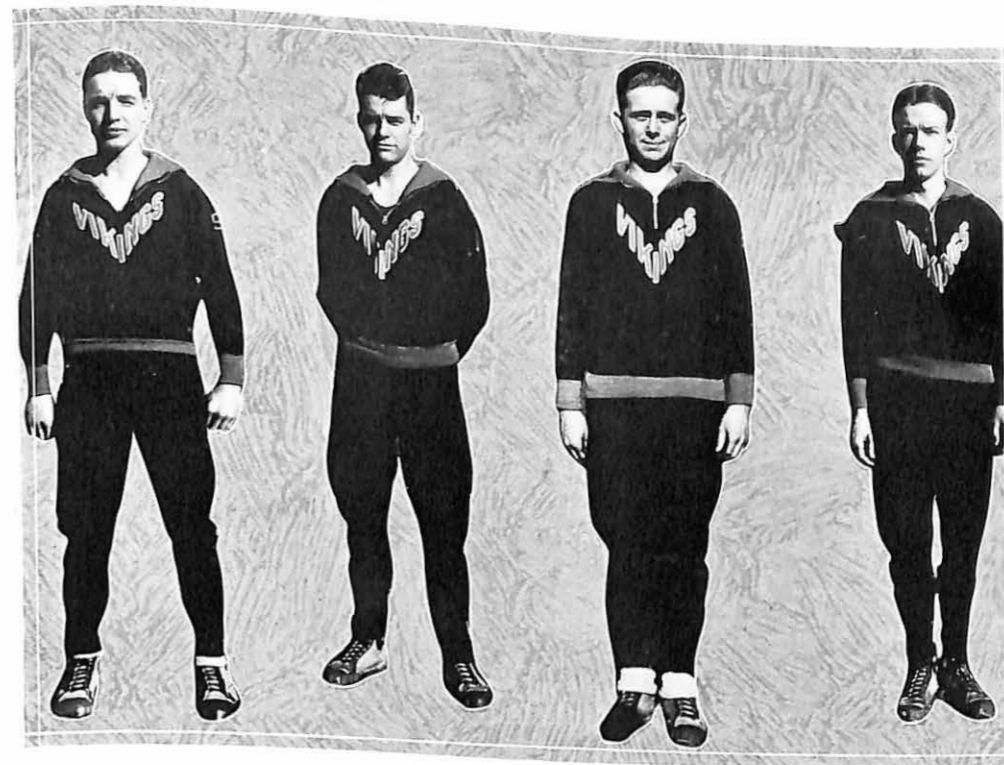

Then it was that Coach Godfriaux conceived the idea of a concrete-steel stadium, with a result that Valley has the only stadium in the Missouri College Union. The stadium seats 3,160 and all seats are reserved.

The playing field is surrounded by a quarter-mile track 25 feet wide, consisting of a deep layer of rock and topped off by a combination of ashes and clay. The ashes were furnished by our two generous railroads.

Night lighting is practically assured for the fall of 1930, and will be the third stadium in Missouri to be lighted for nocturnal football.

THE 1930 Football Team of Missouri Valley College was the only undefeated team in the State of Missouri, was the undisputed champion of the M. C. A. U.; the only team ever to place five men on the Mythical All-State Eleven; tied the champion of the Kansas Conference; the third championship team under the regime of Coach Godfriaux.

Haggard and Phelan, Co-Captains, were placed on the Mythical Eleven, as well as Rioth at tackle, Blossom at end, and Patterson at a halfback position. Brock and VanWinkle also received honorable mention for the Mythical Eleven.

## BASKET BALL

### GEORGE BROCK:

Playing his last year for the Vikings, always a mainstay on the defense giving the best he had at all times. Played guard and center, and his shoes will be hard to fill next year.

### VOLNEY ASHFORD:

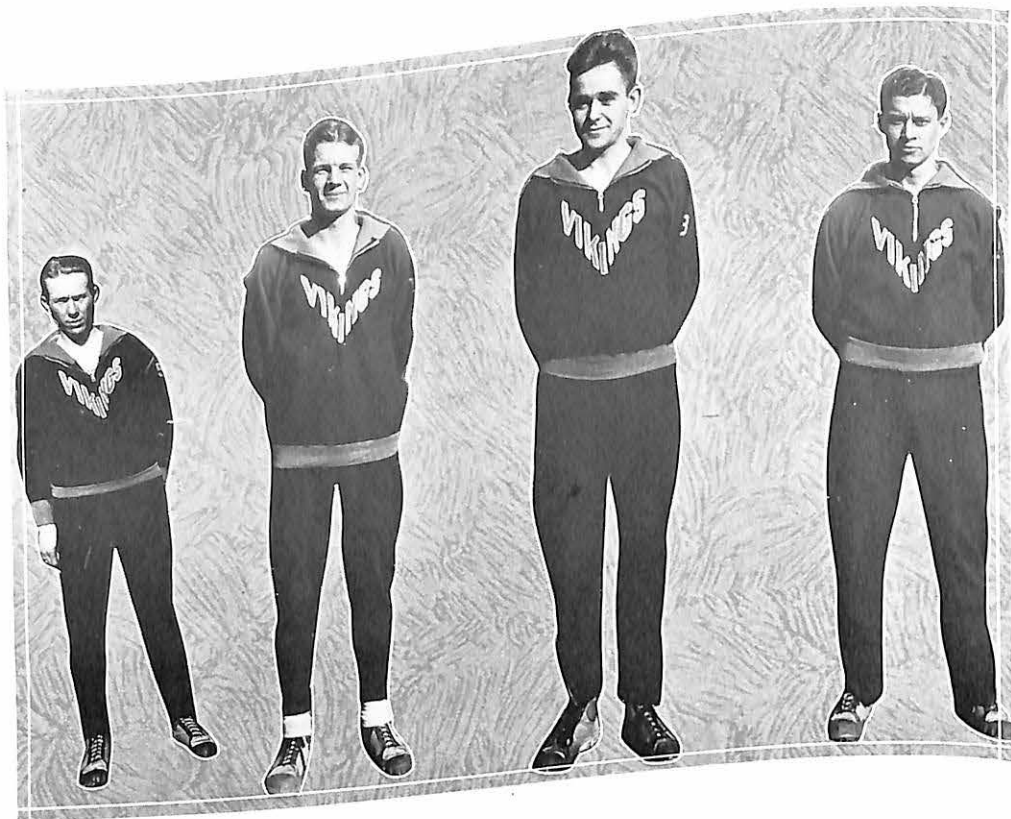

Captain of the 1930 squad had the misfortune to sustain a knee injury in the football season that so inhibited his playing that he finally had to give up the game entirely, and it was with sincere regret that his basket ball career was terminated so misfortunately.

### RAYMOND LONG:

Playing his first year for Valley, he improved as the season aged. He has a good eye for the basket and is a fast floor man and an accurate power.

**EDWIN SEBASTIAN:**

"Eddie," playing his first year under Viking colors did himself proud, and was an important pivot in the Viking offense, never failing to give his best.

**HARRY TRYGG:**

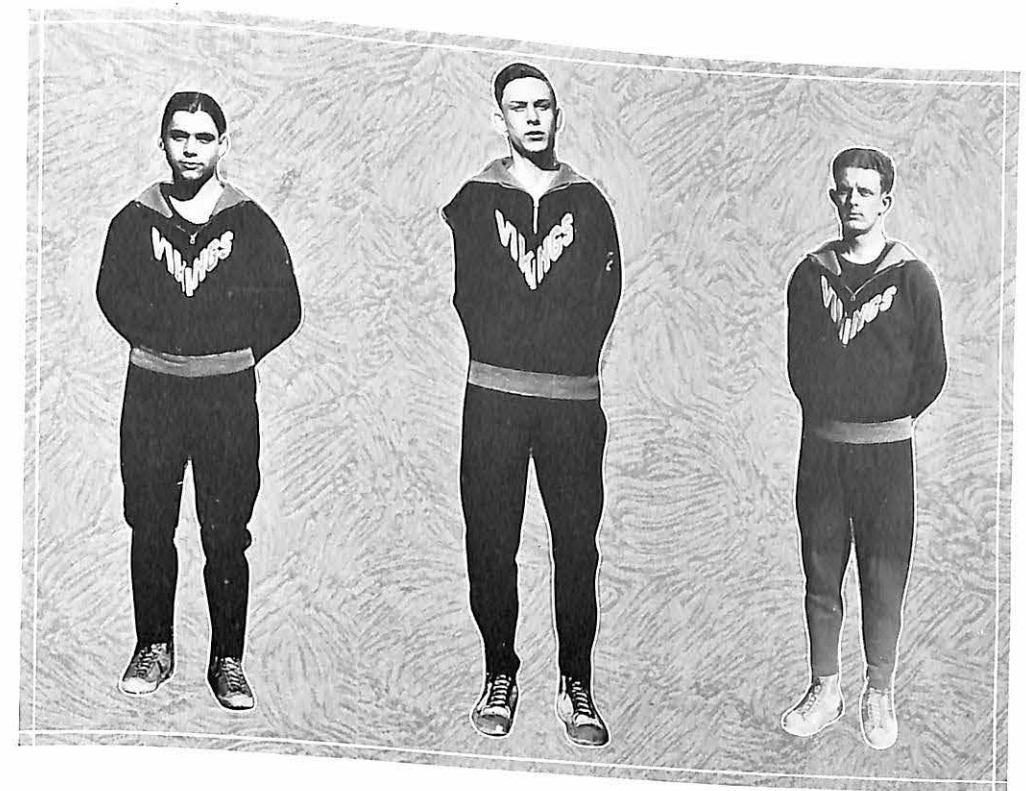

He can probably attribute his ability to shoot straight for the basket to the fact that he came from Chicago. With two more years ahead of him he should prove to be a valuable asset.

**CARSON DOWELL:**

Also playing his first year with the Viking crew and was one of the fastest men on the court all season, playing a clean aggressive game all the time and counting for many goals of the season. He made the team paramount.

**VIRGIL DOUGHERTY:**

"Demus" felt the call of the old Viking Spirit and, after three years, returned to the Viking port to regain his position on the Valley quintet, demonstrating his ability to protect our ring in case of danger, and amply able to bring the ball back down the court for counters.

**RICHARD NUCKLES:**

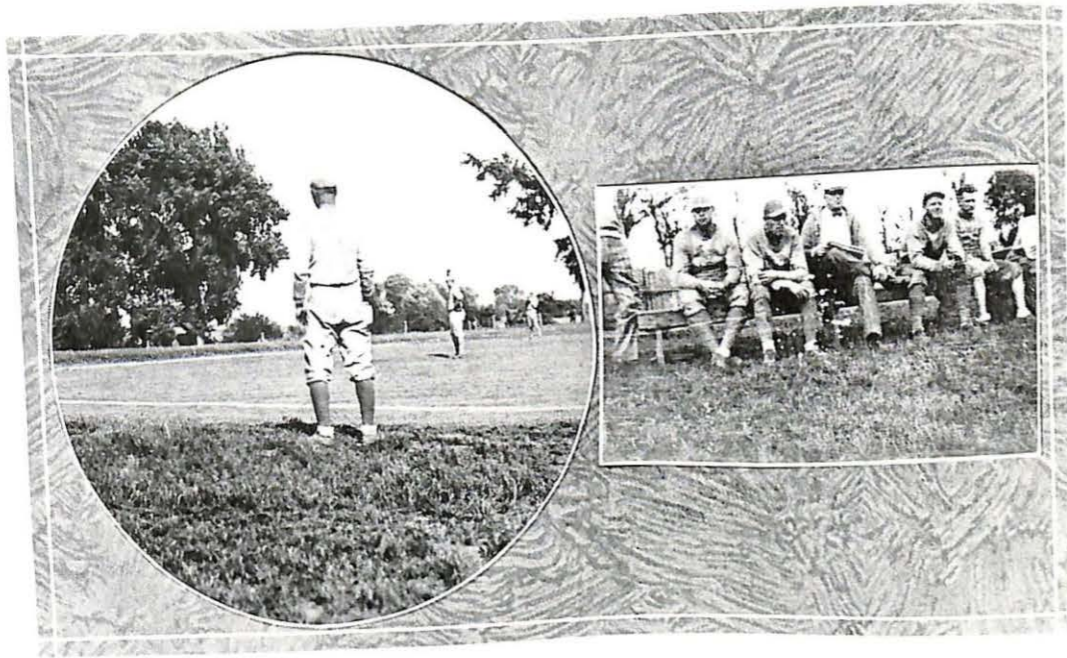

"Dick" also playing his first year under the purple and orange showed his tenacity in the gruelling man-to-man defense, never allowing his man out of reach. With a little more experience he will prove valuable to the team.

**LEONARD LOWE:**

The midget of the squad, has latent possibilities, and with a few more pounds and more experience should develop into an important cog in the future.

**EDMOND HARRIS:**

"Hickory" broke into a few games this season, and proved his ability in a splendid manner, and with three years of competition ahead of him should prove his worth in a sterling manner.

## BASEBALL

BASEBALL at Missouri Valley sang its swan song as a major sport last year. Games were scheduled with Kemper, Central and Wentworth and return engagements were played, also.

The season was finished with a standing of .500. Haggard, Salyers and Hess did most of the mound work for Valley. Captain Patterson worked behind the plate and finished circuit clouts at most opportune times.

## WOMEN'S ATHLETICS

THE purpose of the Women's Athletic Department is to attain the highest standard in all forms of athletics and social activity. It is the purpose of the department to open the field of sports to all girls, creating all-round sportsmanship and ability, rather than specialization in one or two fields.

The regular program for physical education classes consists of practical and technical instruction in Hockey and Soccer, Basket Ball, Volley Ball, Baseball, Tennis, Track and Field. The regular course also includes folk dancing, clogging, ballet, free-hand exercises, wand drill, apparatus and mat work.

*Soccer*

**S**OCCKER is played both in the spring and in the fall. Hockey tournament was won by the Sophomores. This same team also won in their Freshman year. Second place was carried off by the Junior-Senior team.

In Basket Ball, the Sophomore team again carried off the honors. The Freshman team came out second.

This year Dormitory teams were chosen in Basket Ball. Campbell defeated Birkhead with a score of 41 to 40.

*Basket Ball*

*Tumbling*

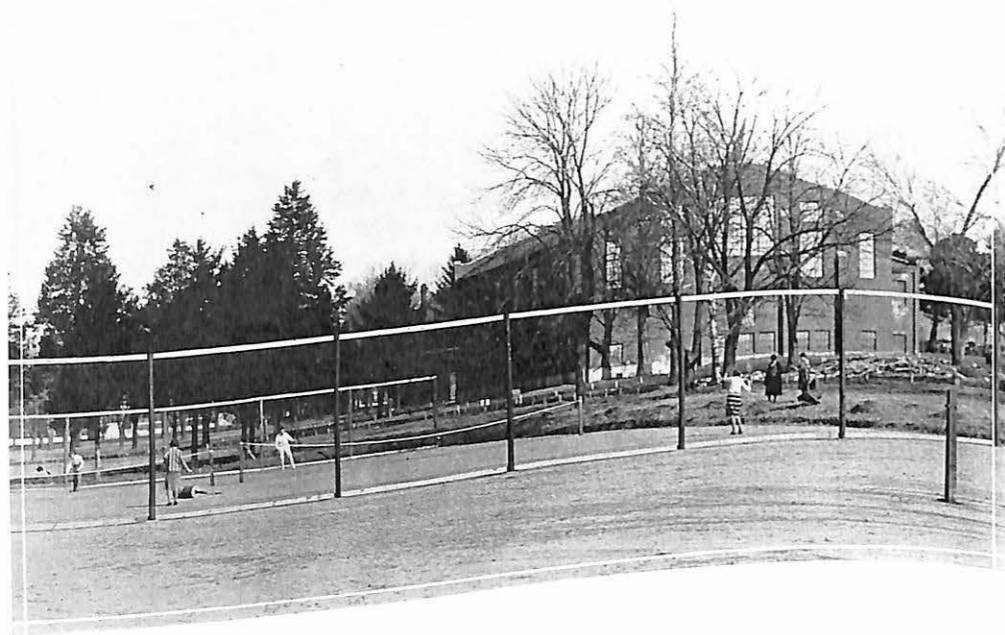

**W**ITH the brilliant success of the Tumbling Team last year, more volunteers turned out. Hence, the team was enlarged and bettered.

Rings were installed in the gymnasium and also parallel-bars. This opened up the field for apparatus work which we hope to enlarge in the near future by the addition of some archery equipment.

Wand drills, corrective exercises, free-hand exercises, and folk dancing proved to be very valuable in preparation for the annual May Fete.

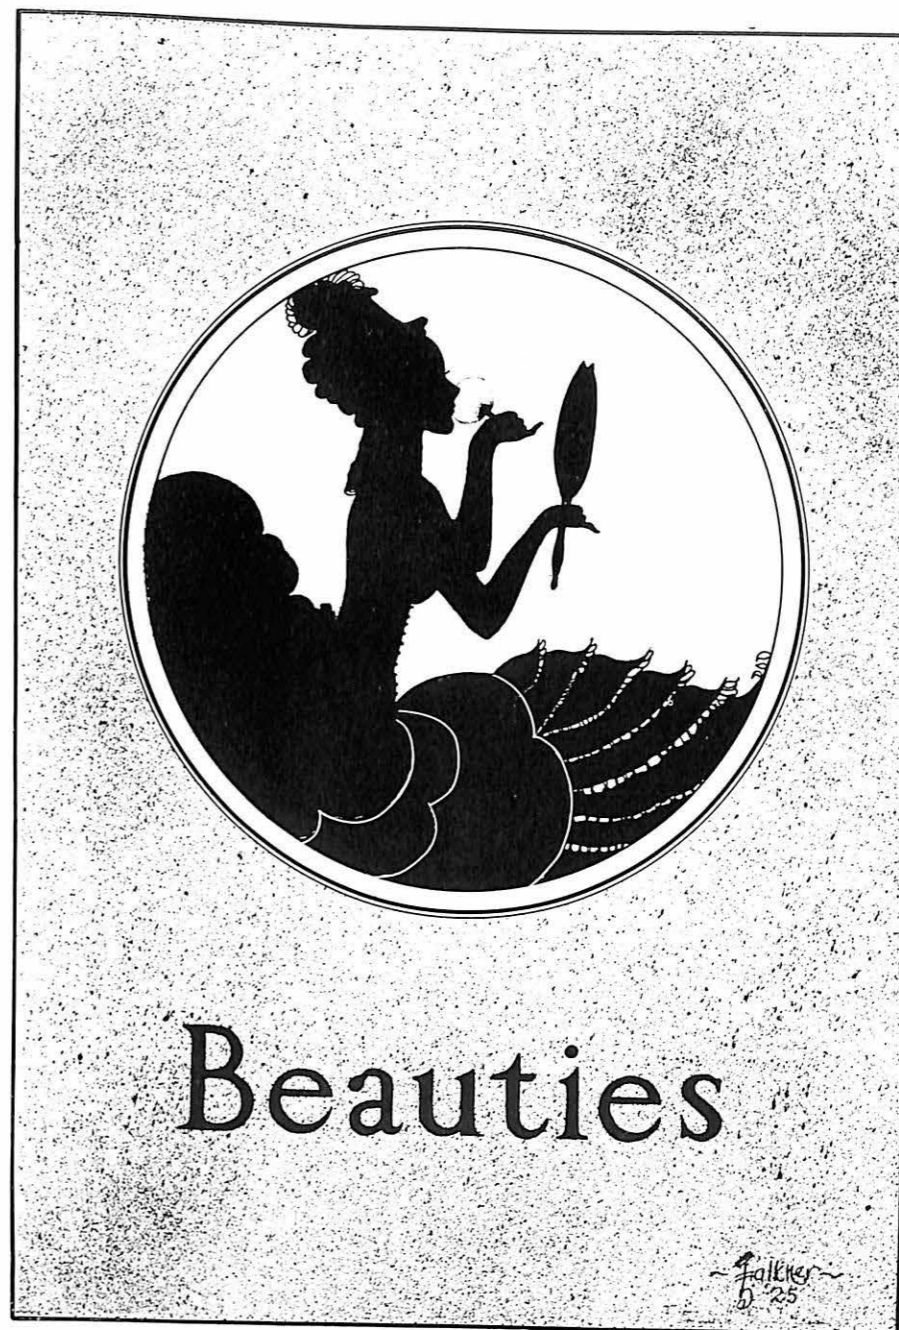

*Hockey*

## TENNIS

VALLEY was represented on the tennis court last year by Frank Jones, Albert Esterly and Robert Hoy. The only intercollegiate competition was at Columbia in the Missouri College Union track and field meet.

Tennis this year received quite an impetus with the completion of four new courts, southwest of the gymnasium. They are of good quality clay with a generous proportion of white chat that has packed down to a fast playing surface. Good ten-foot backstops have been erected at each end of the court.

## WILLIAM B. YOUNG HALL

THE NEW dormitory for young men was made possible by the very liberal generosity of Mr. and Mrs. William B. Young of Kansas City. Ground was broken early in February last year, and the corner stone was laid in the spring, and in the fall when school started the dormitory was ready for occupancy.

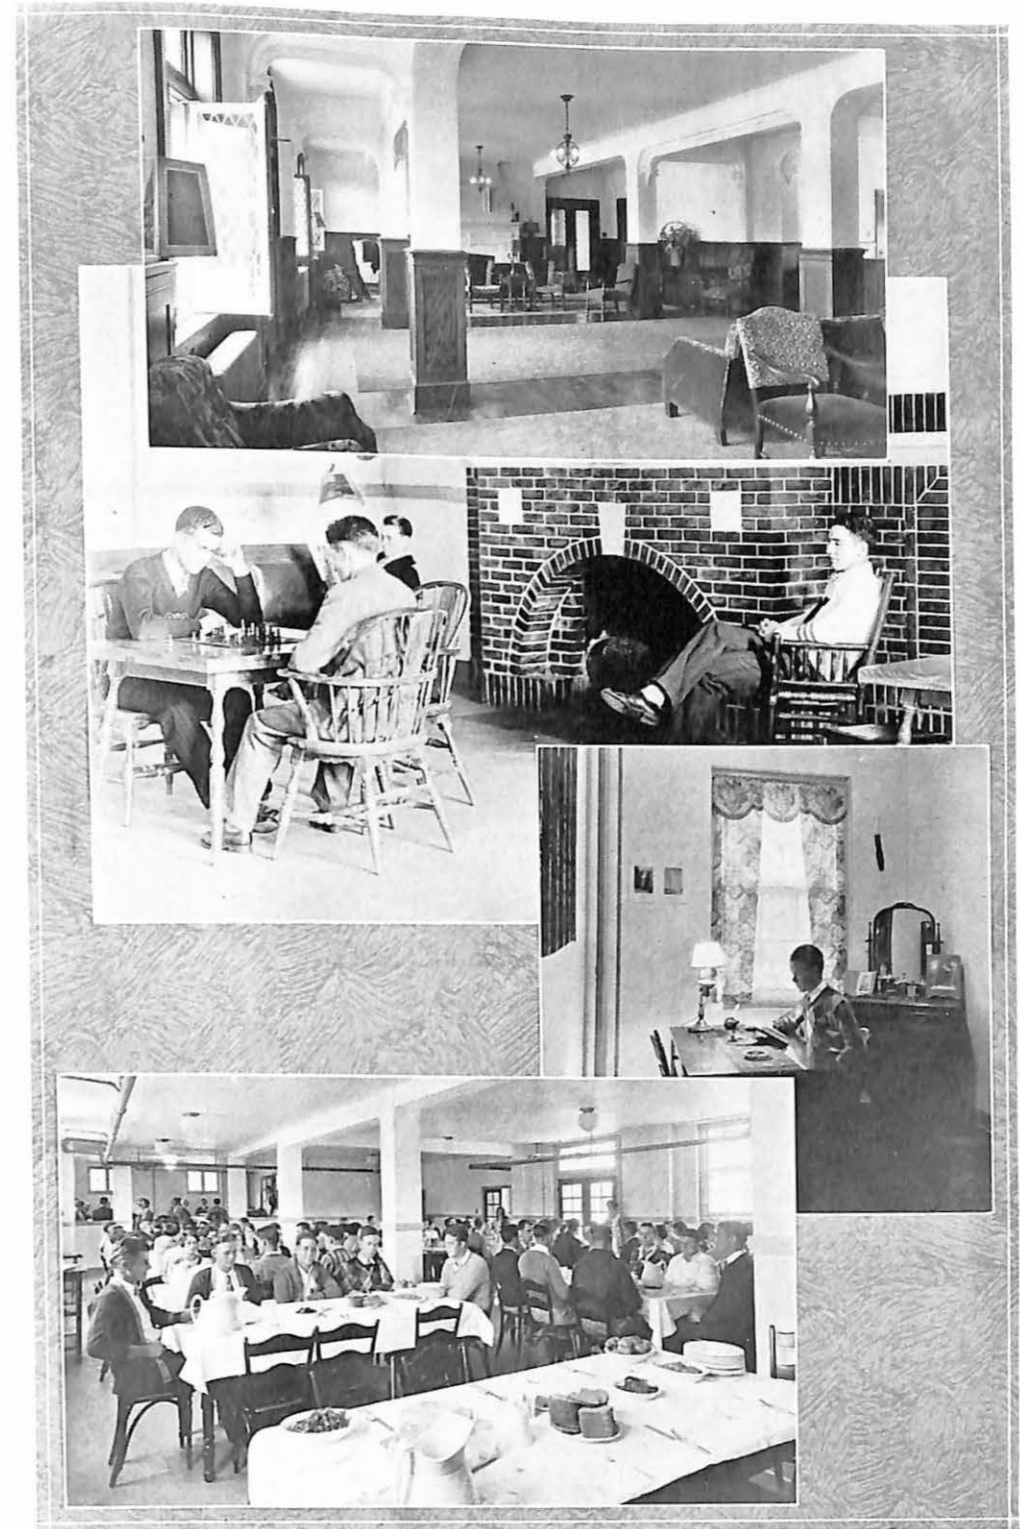

The three-story brick dormitory was erected and furnished at a cost of \$120,000 and will accommodate 102 men. The sun parlor, lobby, and reception room are features of the hall, and outstanding is the innovation of sleeping porches on each wing, thus eliminating beds in the rooms.

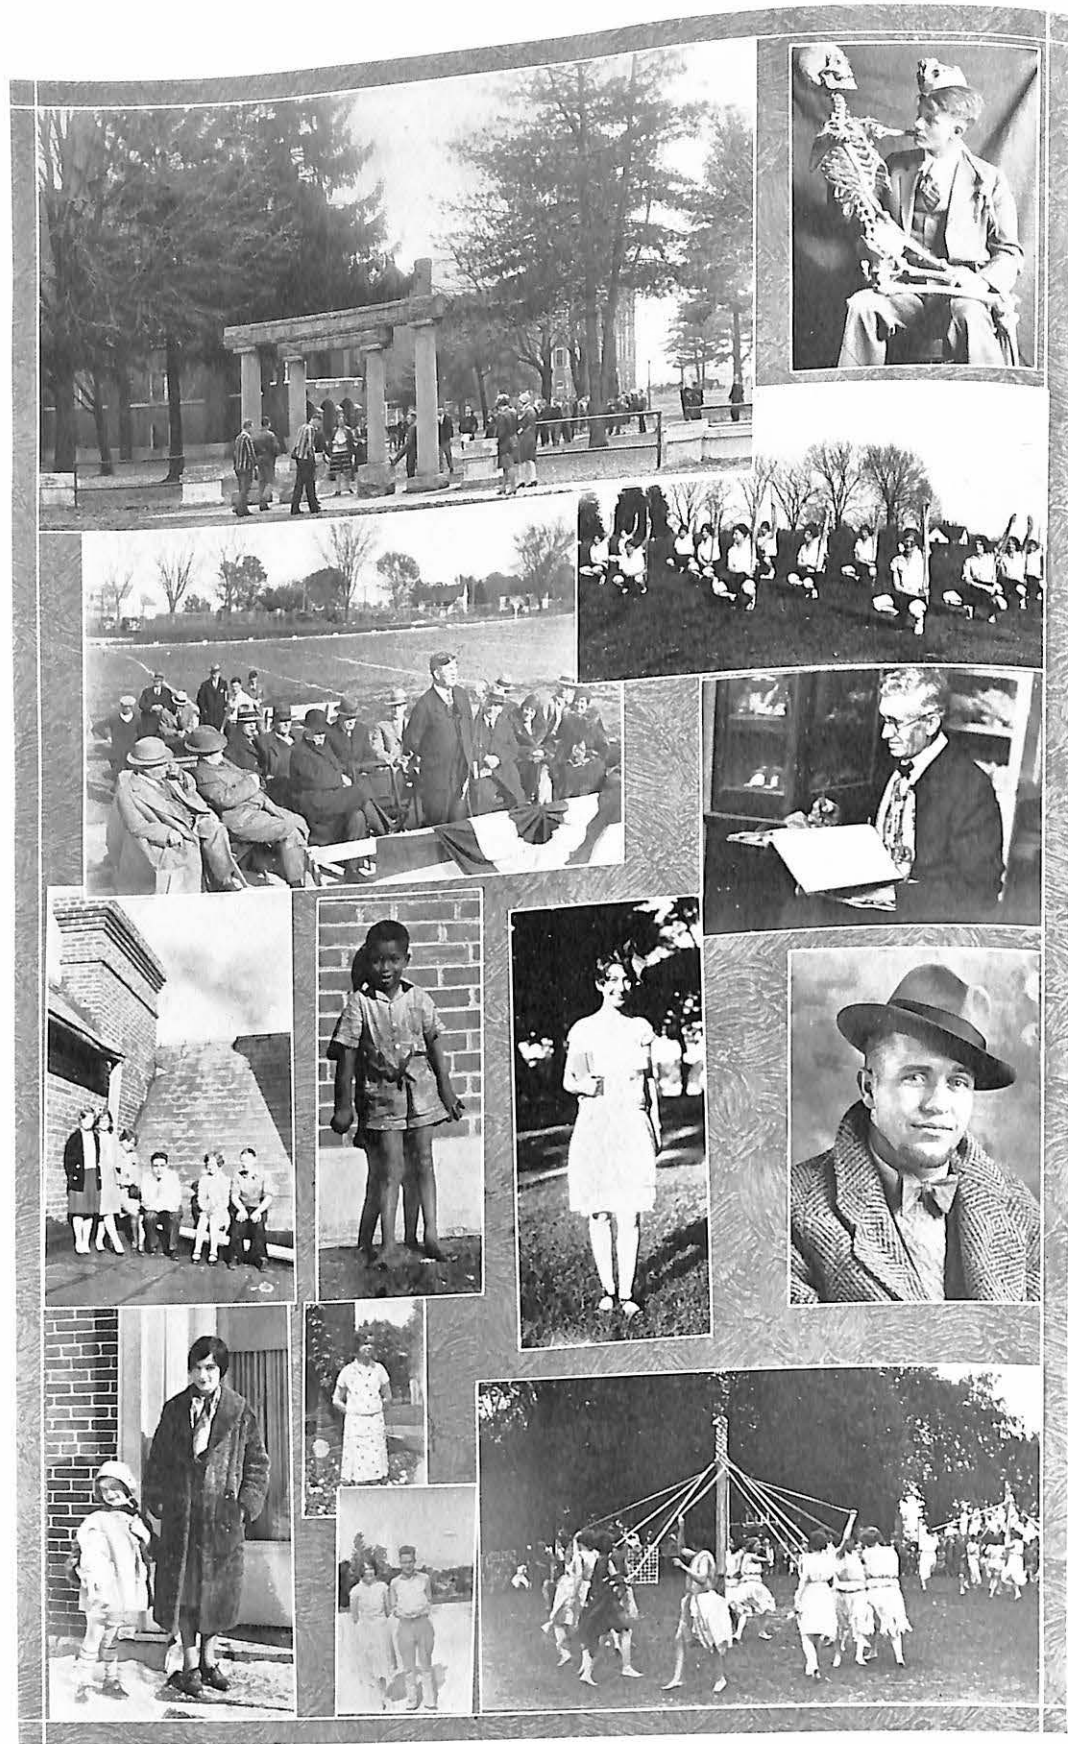

The dormitory is in the efficient hands of Mrs. Annie B. Hagedorn and rooms are inspected once a week promulgating a "neat and tidy" incentive. All the students on the campus eat in the spacious dining room in the basement, which is under the supervision of Miss Minnie Kopf, an expert dietician and instructor in Home Economics.

The building was dedicated last fall by Dr. Cleland B. McAfee, Moderator of the Presbyterian General Assembly, in the presence of Mr. and Mrs. William B. Young, Dr. S. Willis McKelvey of Kansas City and Chas. A. Lee, State Superintendent of Schools.

You see a beautiful girl walking down the street. She is, of course, feminine. If she is singular, you become nominative. You walk across to her, changing to the verbal and then become dative. If she is not objective, you become plural. You walk home together. Her mother is accusative and you become imperative. Her brother is an indefinite article. You walk in and sit down. You talk of the future and she changes the subject. You kiss her and she becomes objective, you possessive. Her father becomes present and you go past.
