Dedication — page 4

A very special dedication is needed for a very special book. Therefore, it was after several hours of deliberation that the dedication was set. The dedication of a yearbook is a very difficult task to undertake.

Organizations — page 6

The primary purpose of student organizations is to provide cocurricular and extracurricular programs and events, which support a student's formal academic work and contribute to personal growth and development. Such activities promote growth by providing opportunities for interaction with others, for assuming responsibility and exercising leadership, for displaying creativity and talent, and for an opportunity to maximize one's potential and enrich one's life in a well rounded and integrated way.

Greeks — page 24

Three national social fraternities and two national sororities are active at Missouri Valley College. There are also several honorary and service fraternities and sororities active at Missouri Valley College.

Sports — page 40

Valley is a member of the Heart of America Athletic Conference and the National Association of Intercollegiate Athletics. Men's varsity teams are fielded in baseball, basketball, football, and track. Women's varsity teams are fielded in volleyball, basketball, softball, and track. The varsity golf and tennis team are open to both men and women.

Memories — page 96

During the course of a year several worthwhile events and happenings will occur that will leave lasting memories. On the pages of this section some of these events and happenings have been captured.

Activities — Page 107

It is an excellent opportunity to sample career fields and, hopefully, enables the student to make a better career decision upon graduation. The student, in cooperation with an appointed department faculty adviser, explores the type of experience desired.

People — page 134

“Do not walk ahead of me...
I may not follow.

Do not walk behind me...
I may not lead.

Just walk beside me...
And be my friend!”

People are everywhere and there are many different types of people. No two are the same. Everyone is a unique and different individual with a personality of his-her self. It is the people that make “The Valley Experience.”

The Missouri Valley College Experience.

"A student who has developed in his spiritual life, and learned how to learn, to solve problems, to write, to speak, to work with groups, to understand his heritage, will develop self-confidence. We call that the "Missouri Valley College Experience." Dr. Robert J. Glass, President, Missouri Valley College.

At Missouri Valley College, we've carefully considered the elements that make up a meaningful college experience...the combined factors that, when properly interwoven, provide an education of relevance, significance and lasting value. We've made a commitment to provide you with a personalized education that will prepare you for careers and a full life. Basic to your college experience is the process of achieving your goals — preparing for a lifetime of enjoyable work, discovering sources of personal strength and achievement, and finding fulfillment through interesting and challenging learning experiences and activities.

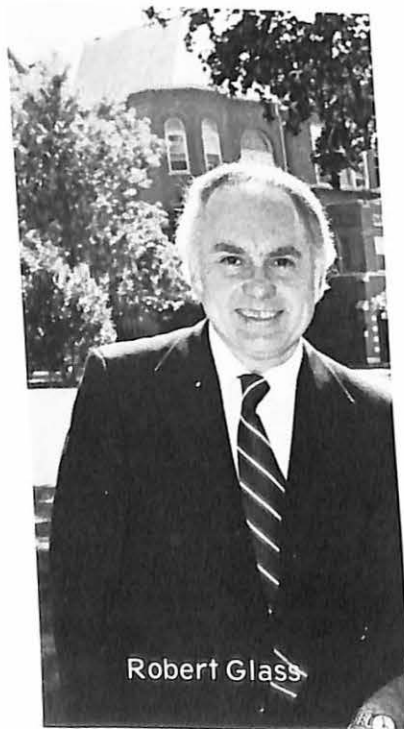

"Valley" is...an accessible faculty who honestly have an interest in you and your development as a whole person...diverse quality academic programs that prepare you for career and life goals...a caring Christian value-centered campus community that provides a framework of understanding, compassion and companionship in which you are encouraged to participate, to make new friends, examine your faith, articulate your understanding of it and integrate it into all of life.

The dedication of our faculty...their involvement...isn't just a job, it's a way of life. The faculty has a commitment to maximize the intellectual, spiritual, moral and ethical growth of each student. They're concerned with teaching and about providing counsel and assistance to you. They care. Our professors are willing to share their beliefs, attitudes and knowledge with you in the classroom and out of the classroom, and will respect your ideas and opinions.

To insure that you receive the personal attention you need and deserve, our student-faculty ration of 12 to 1. Our faculty, more than 30 percent of whom hold earned doctorates, are all qualified professionals with records of experience in the field to complement their academic backgrounds.

Missouri Valley College was established in 1889 to provide "liberal and thorough instruction in the arts, sciences and humanities under Christian auspices." Today, our major objective remains sound career preparation within the context of traditional Christian values. Our graduates should be prepared to assume roles of responsibility and service. You'll be encouraged to uncover new fields of interest in which you may serve and to participate in campus activities which will combine your studies with practical career-related experience.

The College is located at Marshall, Missouri, the county seat of Saline County. Marshall is a prosperous community of 15,000 people with good schools, churches, and comfortable homes surrounded by some of Missouri's richest agricultural lands. The city of Marshall is eighty miles east of Kansas City on U.S. Highway 65 near the junction of Interstate 70, and on State Highways 41 and 240.

Robert Glass

Missouri Valley College was chartered in 1888 by the Cumberland Presbyterian Synods of Missouri, Kansas, Nebraska and Colorado and opened its first session September 17, 1889. It was considered the successor of Chapel Hill College (1840-1861) and McGee College (1852-1874) and later it absorbed Ozark College (1881-1902).

When the Cumberland Presbyterian Church and the Presbyterian Church, U.S.A., were merged in 1906, the college became the institution of the Presbyterian Synod of U.S.A., churches, the college came under the jurisdiction of the new denomination — the United Presbyterian Church, U.S.A.

Baity Hall, built in 1889, was the only building on campus until 1895 when Brickhead Maples was constructed as a dormitory. That original building housed classrooms, laboratories, library, chapel and all offices. Stewart Chapel, built in 1906, was the next major building.

Missouri Valley College conferred its first baccalaureate degree in 1890. Since then over 5,000 degrees have been conferred and a total of over 10,000 alumni have attended the institution. Alumni can be found in any of the 50 states, and former students at Valley have come from as far away as Victoria, Australia; Addis Ababa, Ethiopia; Mullykoski, Finland; Bangkok, Thailand; Caracas, Venezuela; Pago Pago, American Samoa; and Nazareth, Israel.

The Rev. William Henry Black, First president of Missouri Valley College, assumed office in April, 1890, and served until August, 1926. During his 37 years as president, the Rev. Black guided the college to a position of prominence both in the denomination and the country.

DEDICATION

One of the most difficult tasks in putting together a yearbook is that of selecting whom to honor with the dedication. The 1982 Sabiduria staff undertook that responsibility with great determination. A seemingly endless list of candidates was formed, therefore, we were still faced with that tough decision. We reviewed the list again

and again. Many people had made outstanding contributions to Valley and the Valley Experience.

Finally, a solution was arrived at. Each section of the 1983 Sabiduria is dedicated to a person who has been instrumental in that area. The sectional dedications are found on the division pages of each section.

Beginning the 1982-1983 year with many changes through the school, the SABIDURIA staff faced the challenge of recording their effects in the school's society. Reporting and relating each event took time, but the staff collected their experiences and evolved the theme of "The Valley Experience."

Members of the Sabiduria staff attended the yearbook workshop in Sedalia, Missouri on Tuesday, September 14. The workshop was held at the State Fair Community College. Walsworth Publishing Company sponsored the one day clinic.

Sessions were held on layout styles, cover design, and copy writing to name just a few.

The editor of the twenty member staff was Wesley Stallsworth. Carla Samuels was the copy-editor. Bob Dean was the Student Senate representative. The position of Business Manager was filled by Sherry Francka and Sarah Van Hook. Photo-editors for the 1983 Sabiduria were Rick Willis and Jim Branson.

The Valley Ambassadors

The Valley Ambassadors was a new group which was organized by Theresa Reigelsberger. The group gave tours to prospective students and their parents. They also had a lot to do with Viking Weekend held on April 23rd and 24th. The group's tours were very successful in getting students interested on Valley. During the tours, the ambassadors pointed out various points of interests around the campus.

The College Activities Board, or as it is more commonly called "CAB", sponsored many activities during the year to keep the students of Valley entertained. One of these activities was the appearance of John Fabjance. Mr. Fabjance seems to have Mike Mayo baffled, while Jennifer Jackmon finds the entire situation amusing (Photo 2).

Some of the other events sponsored by CAB included Hanging of the Greens, Courtwarming, Jasmine, Power Glide, Casino Night, and the Sunshine Arts and Crafts Festival — just to name a few.

Although the Society for Collegiate Journalists was just reactivated this past year on the Missouri Valley College Campus, it had an active and productive year. The one and only active member, Wesley Stallworth, attended the national convention which was held in Williamsburg, Virginia. The convention was held March 10 - March 12.

Helen Thomas, senior White House correspondent for United Press International, delivered the keynote address. Miss Thomas joined UPI in 1943 as a cub reporter. She held a variety of assignments with the service until 1961 when she was assigned to the White House to cover Kennedy's administration. She has remained at that post for the last two decades.

While at the convention, Stallworth, served on the Nominating Committee. This committee selects the national advisors and officers.

Stallworth, also won the National Executive Directors Award. This award is presented to an individual who does the most on his-her college campus to promote the student publications and the Society. This award was presented to Stallworth in front of the over 300 college students present.

The Missouri Valley College chapter of SCJ now has two active members and seven pledges. To be considered for membership in SCJ a student must serve on a college publication or broadcast media for at least two full semesters. SCJ is a national honorary society.

Football Honors

Three members of the Missouri Valley College football team have received First Team All-Star honors simultaneously within the Heart of America Athletic Conference and within District 16 of the National Association of Intercollegiate Athletics.

They are John Weisansal, 6-foot-3, 217-pound senior defensive end and MVC co-captain from Cheektowaga, N.Y.; Fieldon Houston, 6-1, 210-pound senior tight end from Liberty; and Bob Fitzpatrick, 5-9, 170-pound senior slotback from Wheaton, Md.

The Valley Experience Page 42

Fitzpatrick was selected as a kick return specialist in both the HAAC and in NAIA District 16 as he leads the NAIA national statistical charts as he returned 10 kickoffs for an average of 33.5 yards including a 92-yard runback of a kickoff in the season's finale here Nov. 6 against the Central Methodist College Eagles of Fayette.

Fitzpatrick also was selected as one of several Second Team runningbacks on both of the mythical All-Star units selected by a poll of the various football coaches of the

conference and district.

Houston led the '82 Vikings in two categories — individual scoring (42 points on seven TD pass catches) and in pass receiving (16 catches for 286 yards for an average of 11.6 yards per catch over a nine-game span).

Weisansal, who was selected by his own teammates as the Most Valuable Player for the 1982 season which brought about six wins in nine games and also was chosen the Best Defensive Lineman, was the most consistent defensive performer throughout the campaign for the Vikings of Coach Ken Gibler.

Houston was selected by his teammates as the Best Offensive Lineman and Fitzpatrick was adjudged the Best Offensive Back for 1982 by his teammates.

The Missouri Valley Vikings have always been an excellent football team. Like everyone, however, this years squad had its share of mistakes.

The mistakes soon wore thin and were ironed out. After getting off to a 0-2 start, the team went on to their usual victory pattern. The only obstacle would be Willism Jewell.

After an impressive win over Mid-America Nazarene College, Valley was ready to meet William Jewell, the number 1 college in the nation. It would prove to be a game full of excitement, energy, and suspense.

On Saturday, September 11, the Missouri Valley Vikings had their first home game. Sadly enough, Valley fell to the University of Missouri-Rolla Miners. The final score was 14-6.

The Viking half-time was performed by the Saline County bands. Charles Ferguson directed the activities.

The Alpha Sigma Phi Fraternity held a party after the game. There was a \$1.00 charge for the party.

Varsity Football

Saturday, October 30, proved to be an exciting day for loyal Viking football fans. The Vikings traveled to Canton, Missouri for a 1:30 p.m. clash with the Culver-Stockton Wildcats.

Valley began the game by scoring 21 points in the first quarter. Both the Viking offense and defense played exceptionally well, to lead MVC to a 63-0 victory over the Wildcats.

With only one game remaining Valley's record was 5-3 overall and 4-2 in the HAAC.

Volleyball team gains experience as well as several wins.

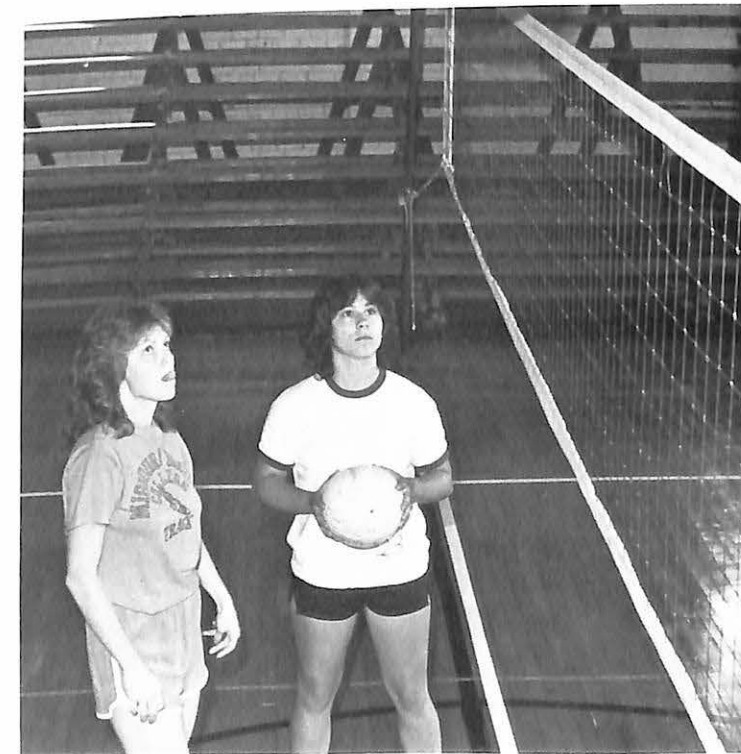

Volleyball is the first major sport for women of MVC. The first varsity volleyball team was formed in 1970. They finished with a 7-9 record. Valley opened it's 1982 season with a match, on September 16, at Culver-Stockton. By the end of September the Lady Vikings had won 3 games. Volleyball is coached by Coach Marlene Joy. The HAAC Tournament was held, on October 22 and 23, at William Jewell.

Men's Varsity Basketball

Basketball is full of ups and downs. The Vikings under the direction of Coach Davis certainly had their share of ups and downs during the 1982-1983 season. The team fought hard and played well together.

Attitude and effort helped the team take victories over William Jewell and Tarkio. The Vikings had a lot of hustle and a great desire to win and it showed on the court.

The Vikings were basically a young team, comprised of only two seniors with six juniors and five sophomores. However, the team did not let this bother them as they played and worked together. The two graduating seniors from the team were 6'0" Harry Franklin and 6'2" Vernon Pittard.

The Viking Basketball Team showed excellent sportsmanship during the season and showed great enthusiasm. They were always ready to take on the next opponent.

The Vikings fought a tough season which proved to be an exciting one for the college, the players, the cheerleaders, and the fans who came to cheer the team on.

The Missouri Valley College Junior Varsity Basketball Team played a short but interesting season. The Vikings battled many tough opponents during the season and will prove to be excellent additions to the Varsity Viking Team in the years to come.

Lawrence Deal shoots for two points in an exciting game against the Blue Jays of Westminster College (above). Lawrence Deal shoots a lay up in the midst of a flock of Jays (right). After being "fouled" by the Blue Jays, Rick Rush shoots a pair of free throws (top of next page). Kenny Ferguson shoots two free throws in a close game (bottom next page).

Christie Kempf leaps towards the hoop while shooting a lay up for the Lady Vikings. (Left) Kathy Grimes shoots a free throw in the game against the ladies of Harrison Stowe. The shoot was good giving the Lady Vikings the lead for a short period of time.

Basketball is filled with ups and downs. Barbara Cowie (above) jumps as she shoots for two. Tamra Hawthorne jumps for possession of the ball to begin the game against Harrison Stowe. In women's basketball each half of the game is started with a jump ball. Also, the referees may call jump balls during the game if two players from different teams have the ball. In men's basketball only the opening jump occurs.

To speed up the pace of women's basketball a thirty second shot clock was added. The women must now shoot the ball every thirty seconds or lose it to the other team.

Karen Hollerbach jumps to block a shot. Betsy Mathews eagerly awaits to see if Karen was successful (right).

Christie Kempf is fouled as she shoots in a home match. Team mates Allison Grimes and Karen Hollerbach rush in to give aid to the troubled Christie (below).

Barbara Cowie watches the hoop for the rebound in an exciting game against Harrison Stowe, which was played in Morrison Gymnasium. The Lady Vikings fell to the ladies from St. Louis by just a small margin (above).

Barbara Cowie shoots for two as Coach Joy looks on. The action seems to have captured the attention of head cheerleader Linda Segovia, also (left).

The Lady Vikings of Coach Marlene Joy had a long basketball season this year. The ladies played well together to play many successful games. They also played many games in which they lost by only one or two points. The Lady Viking Basketball Team always filled the gym with an air of excitement. There was never a dull minute.

This season all games were played in the evening. Most of the Lady Vikings games began at 5:30.

On Thursday, February 24, the Men Vikings defeated the Westminster Blue Jays in Aulton (79-67.) This was the third win in a row for the Men.

Coach Dick Davis remarked, "This was a very exciting season. We were disappointed that we didn't reach 400. Next year we want to improve so we can reach 400. We'd also like to improve in conference." The men were 6-8 in conference. They won 13 and lost 16.

The highlights of this season were the victories over William Jewell and Tarkio. It was also the first time in four years that they've beaten Avelon.

The highest scores went to: Jr. Jerry Bowman (total 447, Av. 16.0), Sr. Vernon Pittard (total 382, Av. 14.7), Jr. Archic Logan (total 383, Avg 13.7). The highest rebounds went to: Jr. Mike Carter (Avg 9.1), Sr. Vernon Pittard (Avg 7.4), Sr. Harry Franklin (Avg 7.1).

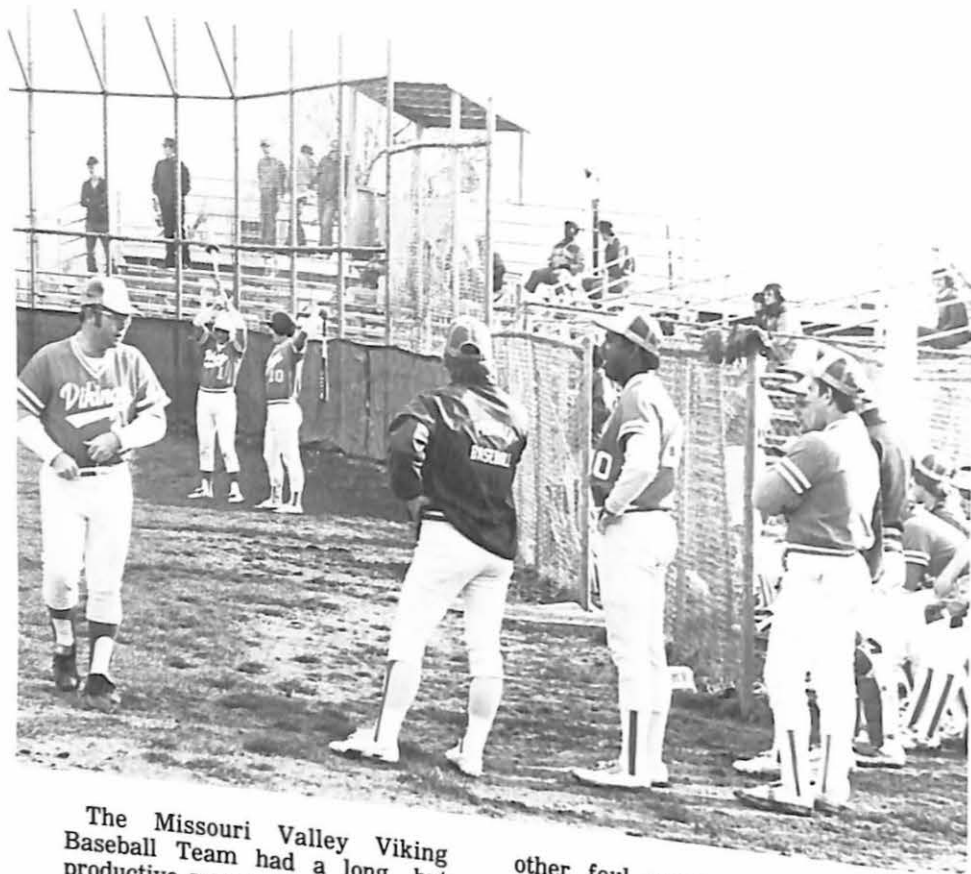

The most points were: Bowman vs. Columbia (32), most FG's: Bowman vs. Columbia (15), most FT's: Bowman vs. Baker (8), most rebounds: Carter vs. Tarkio (16), and most assists: Bowman vs. Park (8).

The Missouri Valley Viking Baseball Team had a long but productive season. Due to rain and

other foul weather many of the games had to be postponed, and many had to be cancelled.

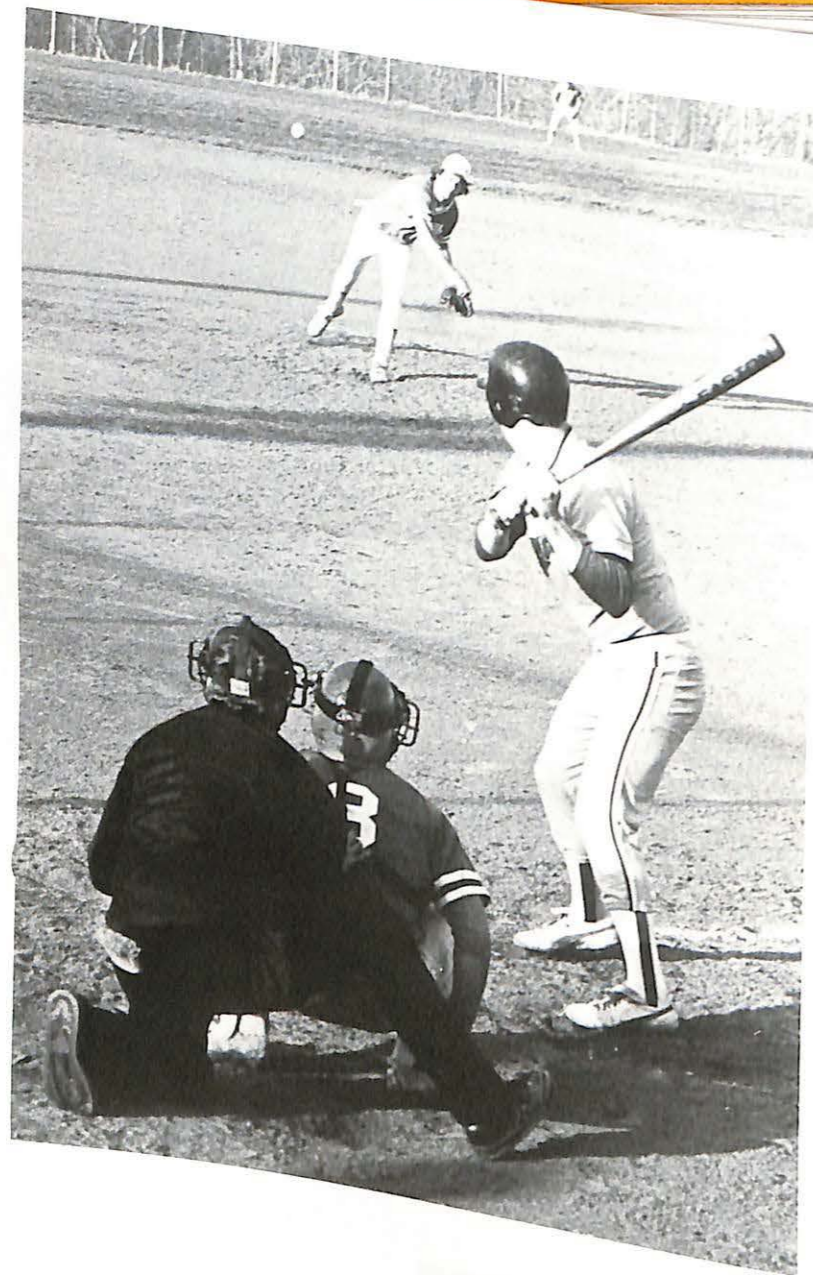

Coach Davis ponders on what his next move will be during a tough game with the School of the Ozarks, from Point Lookout, Missouri.

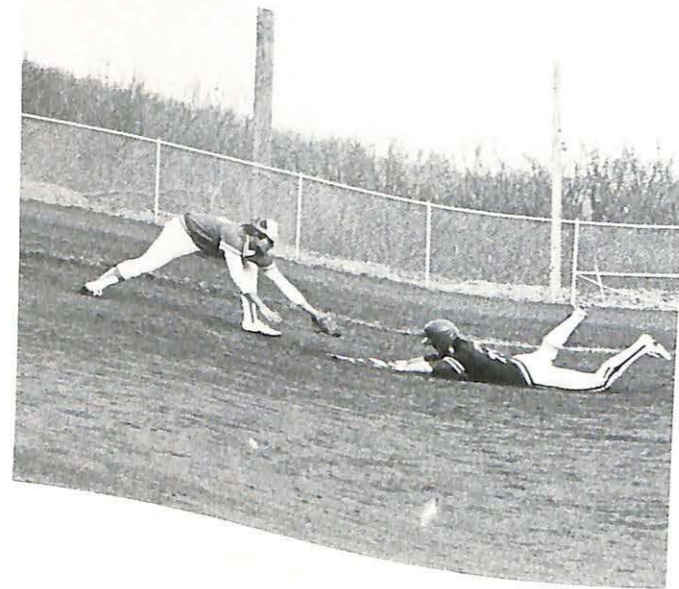

Another point for the Vikings, as a loyal Viking player slides into home plate.

Viking Baseball

Baseball is a game that almost everyone has played at some point in their life. Baseball was developed in the early years. Many people called it stick ball. Children would pick out a large stick and hit a ball. However, the game has changed a great deal from that the past years. Refrees and umpries now line the bases, players train for months to be in top condition, and fans cheer at the expertise playing.

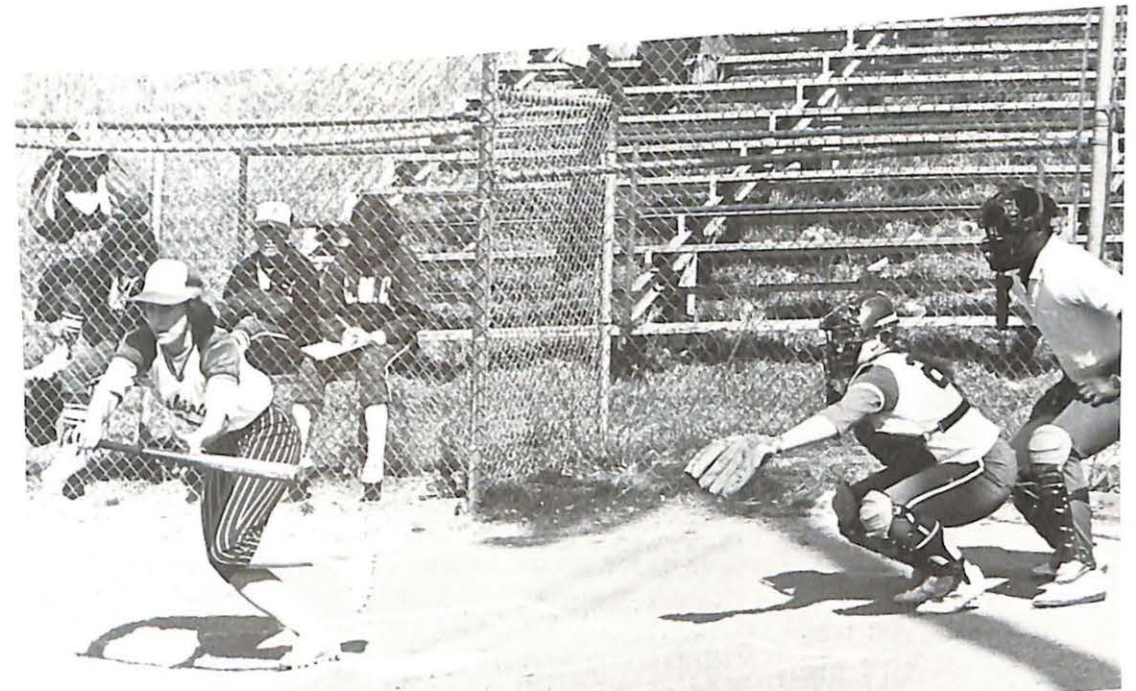

Baseball has always been labeled as the all American sport. Baseball, hotdogs, and apple pie were thought to make a person an American. As with any American college, Valley fields a baseball team.

On Monday, February 21, the lady Vikings ended their 1983 Basketball season in Kansas City against Avila College. Early in the evening the ladies defeated Avila 44-42. Later the score was 66-65 also in favor of the Vikings.

Coach Marlene Joy had these comments to make concerning this season, "We came on like gang busters at the end. Our disadvantage was our free throw shooting and our key factor next year will be to develop our inside game."

Of the 16 ladies on the team all were able to maintain a 3.0 GPA. Bobbie Cowie, the junior guard and co-captain, leads the state in scoring. Coach Joy said this about the whole team, "I want all of the girls to come back next year because I feel they can become even better."

The lady Vikings were 4-10 in the Heart of America Athletic Conference. Coach Joy states, "We would like to improve on our conference record but this was a year of first. The first time we ever beat Culver-Stockton, the first time we ever defeated William Jewell here, and also the first time we were beaten Graceland. When asked about fan support, Coach Joy replied, "It was kind of poor at first but the better we got the better they got."

The individual season records were like this: Most points went to Bobbie Cowie (435-21 games), highest scoring average-Bobbie Cowie (20.7), most FG's made-Bobbie Cowie (195), most rebound average-Christie Kempf (12.6). The teams season record was: Most FT's made: 28 vs. Graceland, they made 41 FG's vs Park, the record is 46 and Bobbie Cowie just missed setting the records in: Assist-the record is 63 and she made 60, Steals- the records is 82, she had 81.

The Student Missouri State Teachers Association of Missouri Valley College held a "Get Acquainted Coffee" on Wednesday, September 8. The coffee began at 11:00 a.m. in the President's Dining Room. The function of this coffee was to introduce the students of MVC into the field of education.

Don Meyer, S-MSTA state consultant, came to Marshall from Columbia to speak with the S-MSTA members. Refreshments, including cookies, candy, cake, and punch were served.

In the photo at the left Don Meyer talks about Proposition "C". Seated by Mr. Meyer are President Wesley Stallsworth, Vice President Jo Kolks, Secretary Susan Todd, and Advisor Dr. Pat Turley.

The Valley Experience begins, for most, with registration. Registration was held in Baity Hall and in Ferguson Center.

The Valley Experience begins with registration. The new Freshmen checked in on August 26 and 27 while returning students checked in on August 30.

The first step of registration was the check in (Photo 1). Members of the Student Development Staff sat at the tables. The second step included the registering of cars and guns, and obtaining the student ID card. Teresa Thaxton (Photo 3) aims the camera to take pictures, while Wes Stallsworth, Denise Niner and Cedric LaRue process the photos. The end result was a finished Student Identification Card. And finally, the fourth step: buying the books or as it's called, "Spending the BIG Bucks." Richard Van Noord (Photo 4) forks over this money to purchase text books for the semester. With this complete the student has now begun The Valley Experience.

Jim carried the American flag, Theresa carried the Missouri State flag, Wes carried the Missouri Valley Flag, while Jeanne carried the church flag. Photo 1

After the formal activities of convocation, President Glass held an informal reception. Snacks were given to those in attendance.

Activities

As true on almost any college campus, athletics play a major roll in the lives of the students of that campus. Thus is true here at Missouri Valley College. In fact athletics play a major roll in the "Valley Experience". To supplement the athletic programs and to help promote school spirit cheerleader and yell leader squads were formed.

The cheerleaders and yell leaders showed sheer dedication and determination. The squads, both football and basketball, spent long hours practicing after classes, between classes, and even on weekends. The workouts would last until all hours of the night, but Valley's cheerleaders and yell leaders endured it all and seemed to enjoy themselves in the process.

Both the Football and Basketball squads did excellent jobs during their recognition games. The Football cheerleaders assisted with Homecoming while the Basketball Cheerleaders aided with Court-warming.

The Football Cheerleaders cheered at most of the home games played by the Varsity Football team. The squad also traveled to some of the away games to promote the Valley Spirit. The Football Cheerleaders were: Donya Miller, Kathy Grimes, Allison Grimes, Lisa Sheppard, Jami Rosenbock and Diana Kirtley. (Photo 1)

This year marked the return of Basketball Cheerleaders to the Valley campus, after a lengthy absence. Although the squad only numbered six they were able to do many interesting and different mounds. The basketball squad cheered for Men's Varsity Basketball, Men's JV Basketball, and Women's Varsity Basketball. Due to lack of funds the squad was not able to cheer at the away games. The Basketball Cheerleaders even made a few appearances on TV during the season. The Basketball Cheerleaders were Jackie Shaw, Wesley Stallworth, Linda Seqovia, Bob Dean, Allison Dann and Dwayne Combs (Not pictured). (Photo 2).

Sunshine Arts and Crafts Festival

The eighth annual Sunshine Arts and Crafts Festival, sponsored by the College Activities Board, in conjunction with Alumni Weekend was held on Saturday, May 7. Due to rain, the Arts and Crafts Festival was moved from the quad into the Ferguson Center. This year's festival consisted of entries in such areas as painting, photographs, and drawing. Wesley Stallworth served as chairman for this year's festival.

Jill Holly performed contemporary music on the Ferguson Center Patio to start the entertainment for the day. After Jill

performed the Bueker Middle School sang several selections, before clearing the floor for the Boots and Slipper Square Dance Club of Marshall (Photo 1). At 2:00 in the afternoon the rock band Sneak Preview performed (Photo 3). During the bands first break, the Nanettes performed three routines. During the second brak Steve Harris, a mine artist (Photo 2), did a floor show. The band concluded the day at 5:00.

The day was enjoyed by many, as was obvious by the large turnout at the concert.

Photo 3

COURT WARMING

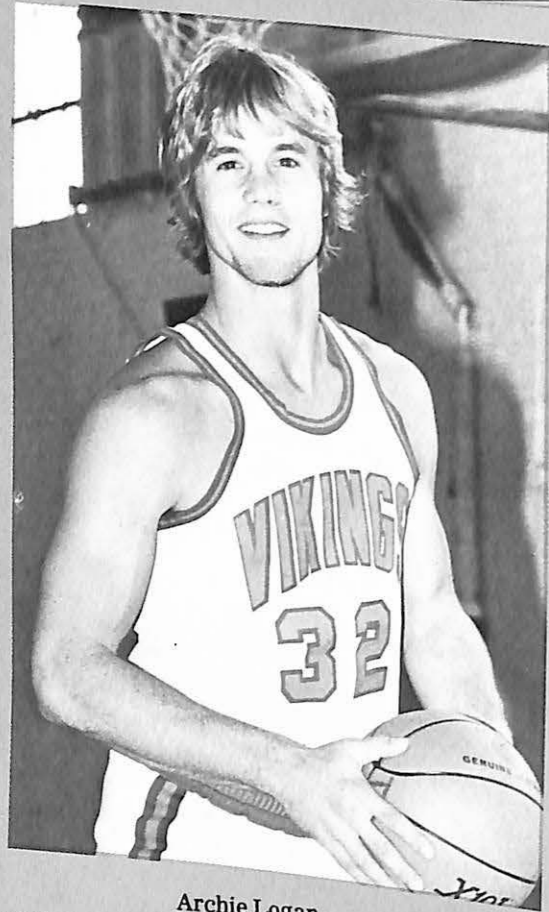

The second annual courtwarming was sponsored by the College Activities Board. Baker University furnished the competition for the games. The pre-game festivities were highlighted by the Nanettes, while the halftime festivities were highlighted by the Marshall High School Pom Pon Squad. During the halftime of the women's game the Varsity Viking Men were introduced by the cheerleaders and the seniors honored. During the halftime of the men's game the Lady Vikings were introduced by the yell leaders, with the seniors being honored. The Marshall High School Pep Band also played during the activities.

Immediately following the men's game the king and queen candidates were introduced. Following the introduction of the candidates, the 1982 queen — Miss Maxine Mapel and the 1982 co-king — Harry Franklin were introduced. They were followed by the crown bearers — Eric and Jill Thomeczek. Bobbie Cowie was crowned queen for 1983 and Archie Logan was crowned king for 1983.

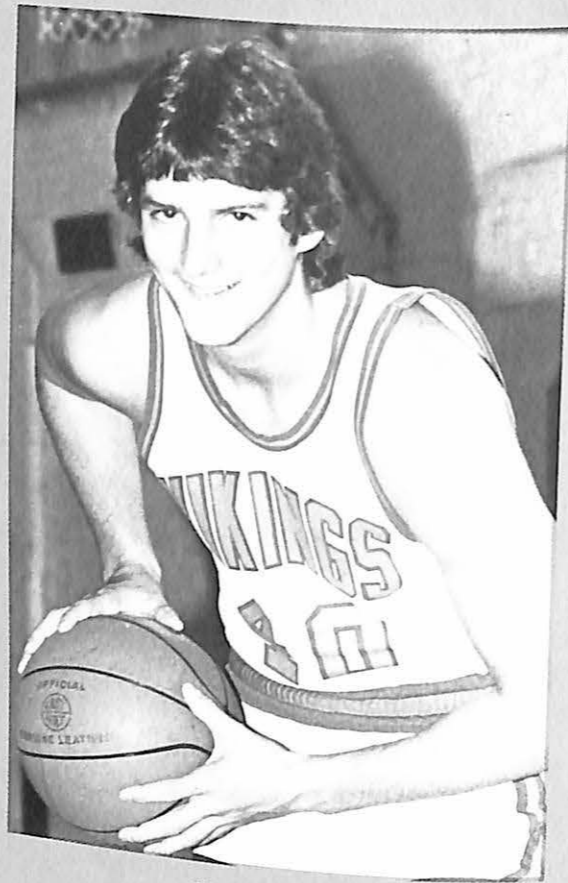

The courtwarming dance was held from 10:00 p.m. until 2:00 a.m. in Morrison Gymnasium. The music was provided by "Quadroasoun" — a group of professional disc jockeys from Kansas City.

The chairman for Courtwarming was Linda Segovia and the assistant chairman was Allison Dann. The members of the Basketball Cheer and Yell Leaders also played important role in the successful completion of the event.

Kathy Dowling, Andre Lennon, Beth Burdick, Terry Davis, Tommy Hayes, Donnae Bryngelson, Ed Rose, and Don Winkler.

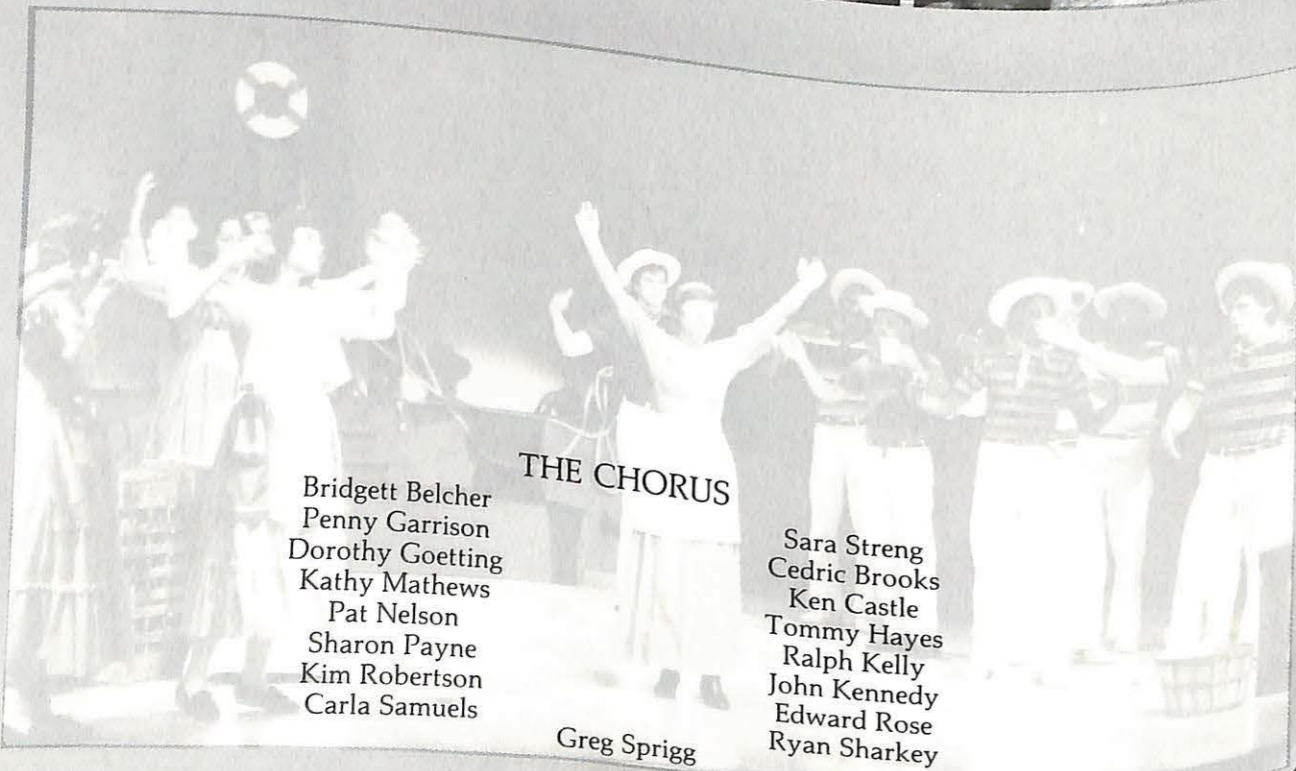

Born Yesterday was presented in Mabee Chapel on November 15, 16, and 17, at 8 p.m. Admission was free.

Born Yesterday is a three act play. The play takes place in the sitting room of Suite 67D. The suite is so named because it occupies the D wing of the 67th floor of a hotel in Washington. Harry Brock (Wesley Stallworth) has rented this suite for two hundred and thirty-five dollars a day. Also staying in suite 67D are: Billie Dawn (Sara Streng) an ex-chorus girl who Harry Brock has taken a liking, for Eddie Brock (Ed Carpenter) who works for Harry and is also his cousin, and Ed Devery (Bob Dean) who used to be secretary to the Supreme Court Justice and had at one time been a very successful lawyer. He is always drinking or drunk.

Staying in another part of the hotel is Paul Verrall (Richard Van Noord). Paul is a reporter for the New Republic. Paul comes to interview Mr. Brock for the paper that he works for. Brock later decides that he would like to somehow educate Billie a little. After discussing it with Devery he hires Paul to be Billie's teacher. Through her learning Billie learns of Harry's illegal dealings with a senator (Mel Reynolds) and of his other illegal dealings. She and Paul then gain the necessary evidence against Harry and expose him for what he really is.

Born Yesterday is a comedy type drama, which was directed by Jack Sutton.

Woman of the Year Award

Dr. Margaret Lorimer Parsons was honored as the Outstanding Woman of the Year at the Woman's Hall of Fame Tea at Missouri Valley College. Presentation of the award was part of the Hall of Fame program and reception held annually in conjunction with commencement activities at the college. The recognition ceremony also featured the announcement of this year's Outstanding Senior Woman, Josephine Kolks. The Outstanding Senior Woman at Missouri Valley College is commended for personal achievement in scholarship, leadership, character, and service. Kathy Mathews also received the Faculty Dames Scholarship at the reception.

The Trenton High School Band performed the pre-game show for the football game, which was played on Gregg-Mitchell Field. Baker started the scoring early in the game with a field goal. The Wildcats later followed that with a touchdown for a 10-0 lead at half time. Valley then began to shine as the Vikings scored a field goal for a score of 10-3. Baker scored another touchdown but missed the point, giving a 16-3 score. Valley then scored it's first touchdown of the evening, making the score 16-10. The game became more exciting as the cheerleaders and students watched. Finally, with only minutes left in the game, the Vikings scored another touchdown. Bringing the score to an even deadlock at 16-16. The Vikings decided to go for the extra point. The kick was good, giving the Vikes their first lead in the game. The score of 17-16 held through the final seconds of the game, giving the Vikings a homecoming victory; a memorable part of the Valley Experience.

Homecoming

The 1982 Homecoming Committee which was made up of Mel Reynolds, Tammy Gibson, Debbie Messer, Mary Ann Bernel and John Sakowski worked very hard to make homecoming a success.

Members of the Homecoming Committee who are not pictured are Christie Kempf and Dave Cano.

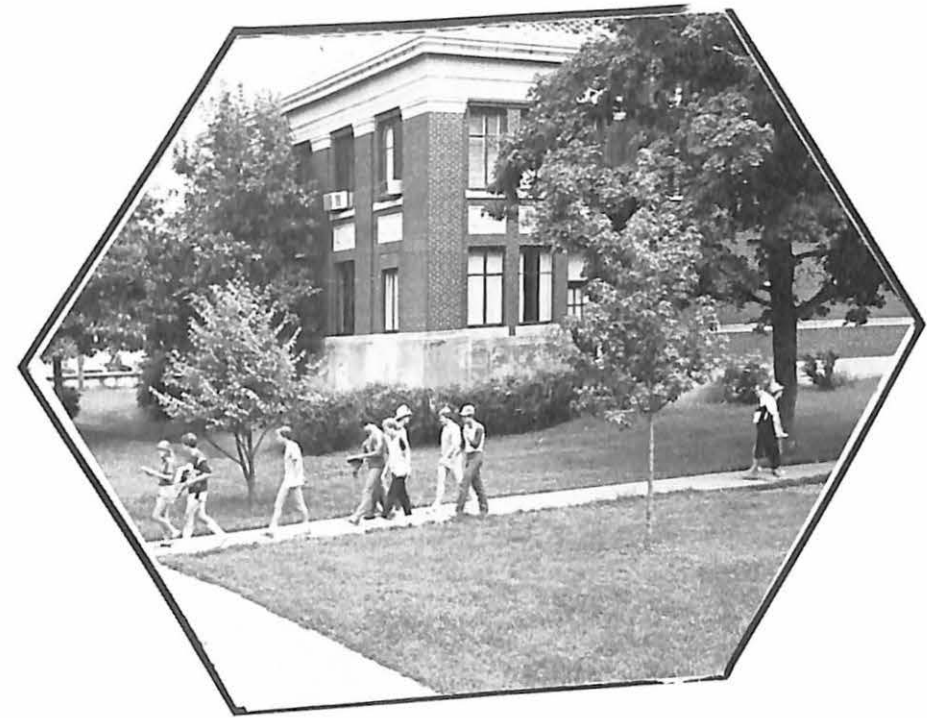

The theme for the 1982 Homecoming was "Valley Spirit Will Shine through in '82." The banquet was held on Thursday, September 30. The dance was held on Friday, October 1. Music was provided by Brandy.

The Homecoming game was Saturday, October 2. Queen candidates were Jami Rosenbrock, Sarah Friskey, and Denise Niner. The candidates were chosen from all junior and senior girls by a popularity vote.

The Homecoming dance was held on Friday, October 1, in the Ferguson Center cafeteria. Sara Friskey was crowned as homecoming queen at the dance.

Changes begin new year at Valley.

The new year brought about many new things at Valley, including a new Dean of Students, a new Academic Dean, and a new President. These changes resulted in mixed feelings among the members of the Valley community.

The replacement for President Glass was Dr. Margaret Parsons. To better acquaint herself with the Valley community, Dr. Parsons held a reception in the Student Lounge of the Ferguson Center on Monday, January 24, 1983. Photo 1.

The replacement for Dean Bearce (Academic Dean) was Mr. John "Scotty" Campbell. Mr. Campbell was the chairman of the Business Department before being named Academic Dean. At a special dinner, Mr. Campbell presented Dean Bearce with a plaque, thanking him for his continued service to Valley. Photo 2.

It's hard to believe that it is all over. After many months of long hard work, the 1983 Sabiduria is finally completed. After the long nights spent in Ferguson Center working on layout, copy, and photographs it's all over.

The 1983 Sabiduria marks my second and final year as editor of the Sabiduria. During these past two years I have seen many changes occur. Changes ranging from the addition of a staff to individual pictures for everyone. From a total black and white book to a book with color end-sheets.

The theme for the 1983 Sabiduria, "The Valley Experience," was chosen because we were looking for a theme that would encompass the entire college and not just a specific organization or group. We, the Sabiduria staff, have attempted to capture the people, places, and things that made up "The Valley Experience." As you look over the pages of the book, you will find the events that made us laugh together, the things that made us cry together, and the things we all experienced together. If any individual or group was omitted from this book it was totally accidental, and we send the deepest apologies. For these things are "The Valley Experience."

I think that the 1983 Sabiduria staff did an excellent job of capturing these events. I would like to thank them all. For all the time, energy, and effort they put into the book to make it what it is. The staff show creativity as well as dedication. I am positive that you, the reader, will notice the many new ideas and concepts contained within these pages.

I would also like to thank our photographers Virgil Brown, Rick Willis, and James Branson. Photographs play an important role in any yearbook. The photographs capture the action while it is happening. I would also like to thank Kelli Starlin who was staff photographer during the first semester.

Without money, the book could not be printed. For this reason Sarah Van Hook and Sherry Francka deserve a big THANK YOU! The two served as the Business Managers for the 1983 Sabiduria.

As an officially recognized campus organization, the Sabiduria receives a representative on the Student Senate. Robert Dean served as our representative during this past year. Thanks Bob for a job well done!

One of the new positions on the

1983 Sabiduria was that of Copy Editor. I would like to thank Carla Samuels for serving in that position. A role whose actual duties were not always quite defined. Carla not only corrected copy, but she ended up doing layout as well as a wide variety of other tasks.

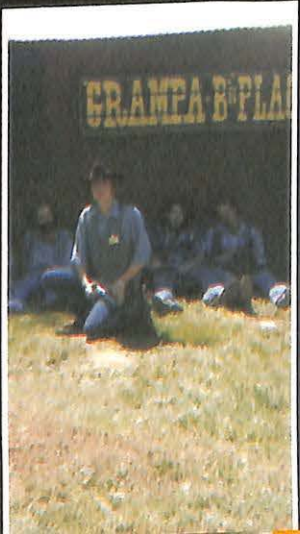

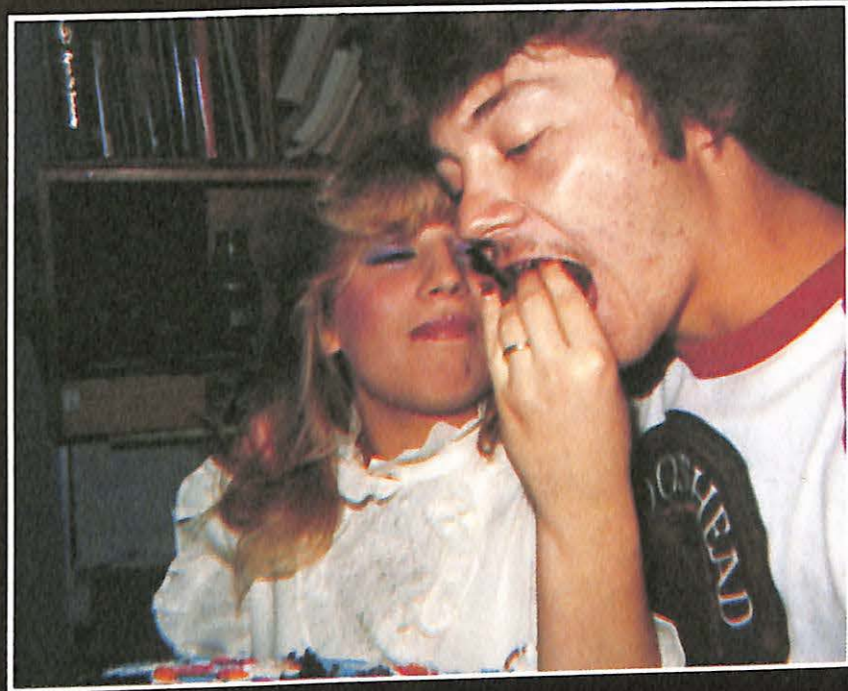

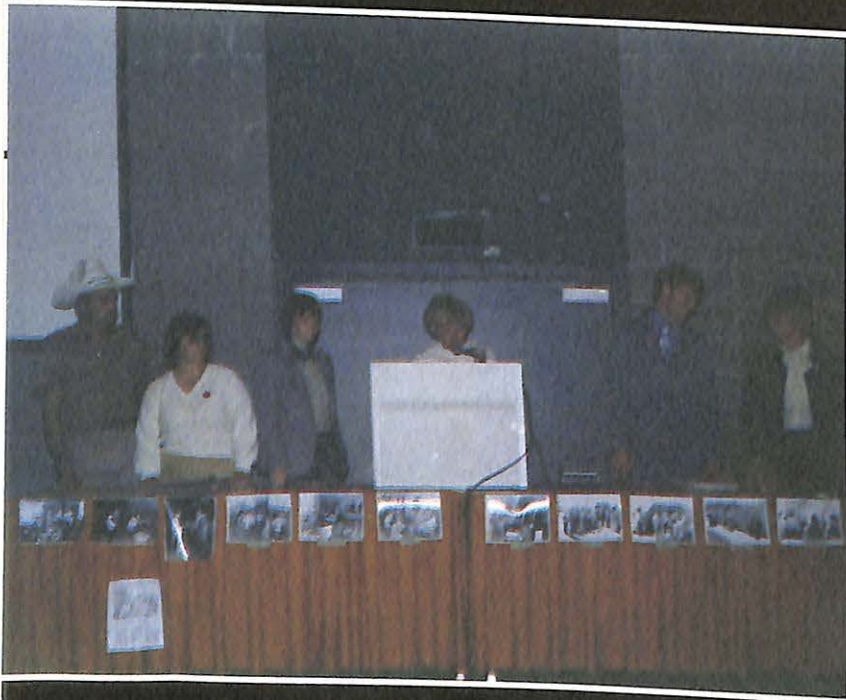

I would also like to thank our faculty advisor — John Sakowski. Thanks John for all your help and guidance!

Finally, I would like to thank my parents (whom I think I live with) for putting up all the time I was gone either at Valley working on pages or at a convention somewhere learning more about yearbook. My mom and dad have encouraged me and supported me through the long, endless hours that I spent working on the book.

I hope that the 1983 Sabiduria is as pleasing to you as it is to me. The people and events may never be the same again, but their memory will never fade.

Sincerely,
Wesley Todd Stallsworth
